**Board of Mortuary Arts****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 1:30 p.m. Thursday, January 5, at the Board of Mortuary Arts' Topeka office, 700 S.W. Jackson, Suite 904, to consider the adoption of proposed changes in existing regulations. This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the board's Topeka office. All interested parties will be given a reasonable opportunity to present their views orally in the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present the views, it may be necessary to request each participant to limit to any oral presentation to five minutes. During the hearing, all written and oral comments submitted by interested parties will be considered by the board as a basis for approving, amending or rejecting the proposed regulations.

There is no fiscal impact of any kind as a result of the amendments. The following is a brief summary of the six regulations proposed for amendment.

K.A.R. 63-1-3 would further define requirements regarding the embalmer apprenticeship process.

K.A.R. 63-2-3 would require that a licensed funeral director or an appointed assistant funeral director be responsible for at-need funeral arrangements.

K.A.R. 63-2-12 would require the filing of quarterly progress reports by the apprentice and supervising funeral director during the apprenticeship period. It would also specify that apprenticeships be approved by the board.

K.A.R. 63-6-1 would eliminate approval of sponsors for the purpose of providing continuing education. Approval for individual programs would be considered by the board.

K.A.R. 63-6-2 would further define approval of continuing education programs.

K.A.R. 63-6-3 would further define the information necessary when applying for continuing education credit.

Copies of the regulations and economic impact statements may be obtained from the board's Topeka office, (913) 296-3980.

The board's regularly scheduled business meeting will be at 9 a.m. Thursday, January 5, in the Topeka office. Funeral director examinations will be administered Friday, January 6, at the Downtown Holiday Inn City Centre.

Mack Smith  
Executive Secretary

Doc. No. 015629

## State of Kansas

**Department on Aging****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Tuesday, December 27, in Room 150-S, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of a proposed rule and regulation of the Department on Aging.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Secretary of the Department on Aging, Room 150-S, Docking State Office Building, 915 S.W. Harrison, Topeka 66612-1500. All interested parties will be given reasonable opportunity to present their views orally in the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes. A complete copy of the proposed new regulation and the economic impact statement may be obtained from Melanie Starns, Kansas Department on Aging, (913) 296-8976.

The regulation is proposed for adoption on a temporary and a permanent basis. A summary of the proposed regulation and economic impact follows.

K.A.R. 26-9-1 is proposed for adoption to regulate providers of assessment and referral services under the CARE program as authorized under K.S.A. 39-968. This proposed regulation will improve the quality of life for Kansans with long-term care needs.

The department does not have a less costly or intensive method for achieving the stated purpose of the regulation. It is estimated that the regulation will have the following economic impact:

**1. Individual assessment and referral to community-based services and appropriate placement in long-term care facilities.** The CARE program will assist people seeking nursing home placement by informing them of community-based options. SRS estimated ("Items for Omnibus Consideration," April 20, 1994, p. 56) that the new program would result in a diversion rate of 11 percent.

**2. Data collection.** The CARE program will collect data on unmet needs for community-based services. This will assist policymakers in effectively and efficiently allocating scarce resources for long term care services.

**3. Exemptions.** Pursuant to K.S.A. 39-968, the regulations exempt any individual exempted from preadmission screening and annual resident review under 42 CFR 483.106. These exemptions will eliminate all costs for unnecessary assessment and referral services.

**4. Assessment services.** The regulations make assessment services valid for one year. This one-year validity eliminates unnecessary duplicate assessments.

Joanne E. Hurst  
Secretary of Aging

## State of Kansas

**Attorney General****Opinion No. 94-138**

**Taxation—Aggregation Tax Levy Limitations—Procedure for Exemption from Aggregate Levy Limit; Authority of Townships.** James R. Cobler, Director, Division of Accounts and Reports, Department of Administration, Topeka, October 19, 1994.

Townships have been granted authority pursuant to K.S.A. 1993 Supp. 79-5036(c) to exempt themselves entirely from the provisions of the aggregate tax levy limit law, K.S.A. 79-5021 to 79-5033, or to modify the provisions of those statutes, subject to petition and referendum. However, townships do not have general home rule authority and therefore may not effect changes in statutes other than K.S.A. 79-5021 to 79-5033. Cited herein: K.S.A. 19-101b; K.S.A. 1993 Supp. 79-5022; 79-5028; 79-5036. JLM

**Opinion No. 94-139**

**Cities and Municipalities—General Provisions—County Wide and City Retailers' Sales Taxes; Administration and Collection by State; Monthly Reports;**

**Confidentiality.** Thomas A. Glinstra, Olathe Municipal Counsel, Olathe, October 25, 1994.

K.S.A. 1993 Supp. 12-189, as amended by L. 1994, ch. 354, § 3, does not prohibit review of sales tax reports by a city employed auditor, or other city officer or employee, for official city purposes. However, K.S.A. 1993 Supp. 12-189 prohibits further disclosure of information contained in those reports and therefore the city may not place information obtained from the sales tax reports in a record intended to be open for public inspection. If information from sales tax reports is further manipulated by the city, it may no longer be considered the information that was in the confidential reports and thus may not be subject to the disclosure limitations. Cited herein: K.S.A. 1993 Supp. 12-189, as amended by L. 1994, ch. 354, § 3; 79-3226; 79-3234, as amended by L. 1994, ch. 188, § 3; 79-3610; K.S.A. 79-3614, as amended by L. 1994, ch. 188, § 4. JLM

**Opinion No. 94-140**

**State Boards, Commissions and Authorities—Development Finance Authority—Exemption from Liability of Directors and Officers of Authority.**

**State Departments; Public Officers and Employees—Kansas Tort Claims Act—Liability of Governmental Entities for Damages Caused by Employee Acts.** William F. Caton, Kansas Development Finance Authority, Topeka, October 25, 1994.

The provisions of K.S.A. 74-8910, as amended by L. 1994, ch. 223, § 2, will protect the directors, employees and officers of the Kansas Development Finance Authority from personal liability for conduct arising out of their service to the authority, as long as it is not willful or intentionally tortious. The directors of the authority are not, however, protected under the tort claims act. Cited herein: K.S.A. 40-4403, repealed, L. 1994, ch. 32, § 2; 40-4405 repealed, L. 1994, ch. 32, § 2; 74-8903; 74-8910, as amended by L. 1994, ch. 223, § 2; K.S.A. 1993 Supp. 75-6102, as amended by L. 1994, ch. 343, § 1; K.S.A. 75-6103; L. 1994, ch. 223, § 2; K.S.A. 74-8910 (Furse 1992). LJM

**Opinion No. 94-141**

**Crimes and Punishments; Kansas Criminal Code; Prohibited Conduct—Crimes Against Property—Giving a Worthless Check; Prima Facie Evidence of Intent to Defraud; Demand for Service Charge.** Chris Biggs, Geary County Attorney, Junction City, October 25, 1994.

Prima facie evidence, i.e. a presumption, of intent to defraud and knowledge of insufficient funds arises against the maker of a check which has been refused by the drawee for insufficient funds. This presumption may be rebutted if the maker pays the holder the amount of the check and a service charge not exceeding \$10 within seven days after notice has been given to the maker that such check has not been paid by the drawee. This statutory presumption applies regardless of the amount demanded by the holder of the worthless check as long as the drawer of the check does not pay the amount due and service charge within seven days of receiving notice of insufficient funds. Cited herein: K.S.A. 1993 Supp. 21-

3707, as amended by L. 1994, ch. 291, § 28; 60-2610, as amended by L. 1994, ch. 273, § 14. CN

#### Opinion No. 94-142

**Public Health—Regulation of Pharmacists—Dispensing and Administering of Drugs by Duly Licensed Practitioners.** Tom C. Hitchcock, Executive Secretary, Kansas State Board of Pharmacy, Topeka, October 25, 1994.

The Kansas pharmacy act prohibits the practice of pharmacy by unlicensed persons with limited exceptions. One exception is for "practitioners" licensed by the Board of Healing Arts, but there is not authority for such practitioners to delegate the function of preparation, compounding and dispensing of drugs to a nurse or other personnel employed by the practitioner. The Board of Pharmacy has the power under K.S.A. 65-1647 to initiate action for injunctive relief against individuals who are not licensed or registered by the board, but nevertheless violate the provisions of the pharmacy act. Cited herein: K.S.A. 65-1130; 65-1626; 65-1631; 65-1646; 65-1647; 65-2872; 65-2896e. NKF

#### Opinion No. 94-143

**Personal and Real Property—Mortgages of Real Property—Entry of Satisfaction of Mortgage.** Representative Vernon W. Correll, 7th District, Oswego, October 27, 1994.

A mortgagee may charge a mortgagor a \$5.00 fee for releasing that individual's mortgage. Cited herein: K.S.A. 16-207; 28-115; K.S.A. 1993 Supp. 58-2309a, as amended by L. 1994, ch. 250, § 1; Gen Stat. 1909, § 5202, repealed by L. 1971, ch. 189, § 2. LJL

#### Opinion No. 94-144

**Public Health—Regulation of Pharmacists—Powers of the State Board of Pharmacy; Term of Suspension, Probation or Revocation; Collection of Fine and Costs.** Tom C. Hitchcock, Executive Secretary, Kansas State Board of Pharmacy, Topeka, October 27, 1994.

The Board of Pharmacy does not have authority to combine its power to suspend and fine in order to enhance the collection of a fine when issuing an order sanctioning a licensee. If all annual renewal fees are paid, the board must reinstate a license, registration or permit after expiration of the suspension or probation period, irrespective of whether the fines and/or costs are paid. Nor may the board lift a suspension prior to the expiration of the prescribed definite period of time. Cited herein: K.S.A. 65-1627, as amended by L. 1994, ch. 118, § 2; 65-1627a; 65-1627f; 65-1627h. NKF

#### Opinion No. 94-145

**Roads and Bridges; Roads—General Provisions—Petition for Vacating Roads; Vacation in Certain Counties Without Petition.** Philip E. Winter, Lyon County Counselor, Emporia, November 1, 1994.

The board of county commissioners may vacate county roads without the presentation of a petition in accordance with the provisions in K.S.A. 68-102a. Cited herein: K.S.A. 19-101; 68-102; 68-102a. NKF

#### Opinion No. 94-146

**Public Health—Social Workers—Qualifications for Licensure; Social Work Specialties; Supervisor Qualifications.** Mary Ann Gabel, Executive Director, Behavioral Sciences Regulatory Board, Topeka, November 1, 1994.

A Missouri licensed specialist clinical social worker may not attain eligibility as a supervisor of a specialist clinical social worker candidate by successfully completing an approved examination after the two-year period of supervision. Cited herein: K.S.A. 65-6301; 65-6306, as amended by L. 1994, ch. 164, § 2. CN

#### Opinion No. 94-147

**Cities of the Second Class; Government by Mayor and Council and General Laws Applicable to Cities of the Second Class—General Provisions—Change in Classification From City of the Third Class to City of the Second Class; Effective Date of Change.**

**Constitution of the State of Kansas—Corporations—Cities' Power of Home Rule; Charter Ordinances; Effect of Change of Classification of City.** Representative Richard Lahti, 85th District, Wichita; Representative Darlene Cornfield, 90th District, Valley Center, November 4, 1994.

When a governor's proclamation is issued changing the classification of a city of the third class to a city of the second class, any charter ordinances that had previously exempted the city from statutes pertaining to cities of the third class are ineffective by operation of law and the statutes found in chapter 14 pertaining to cities of the second class apply unless the newly established city of the second class properly exempts itself from the operation of those statutes by charter ordinance. Cited herein: K.S.A. 14-101; 14-111; 15-106; Kan. Const., art. 12, § 5. MF

#### Opinion No. 94-148

**Public Health—Regulation of Podiatrists—License Required; Scope of Practice; Applicability of Act.**

**Public Health—Healing Arts—Kansas Healing Arts Act; Persons Deemed Engaged in the Practice of Medicine and Surgery.** Senator Pat Ranson, 25th District, Wichita, November 10, 1994.

The term "physician" includes podiatrists for purposes of regulation by the Kansas Board of Healing Arts. How inclusive the term is for other purposes depends on the applicable statutory definition. Cited herein: K.S.A. 1993 Supp. 8-1001, as amended by L. 1994, ch. 353, § 9; 17-2707; K.S.A. 44-508; K.S.A. 1993 Supp. 59-2902; 60-427; K.S.A. 65-1,114; 65-5a01; 65-6b01; K.S.A. 65-1,114; 65-2001; 65-2002; 65-2016; 65-2869; 65-2871; 65-2891a; 65-2892; 65-2897; 65-28,102; 65-2901; 65-3209; 65-4003; 65-4202; 65-5502; K.S.A. 1993 Supp. 65-6112, as amended by L. 1994, ch. 154, § 1; K.S.A. 74-2805. (Published in the Kansas Register, November 24, 1994).

**Summary Notice of Bond Sale  
City of Hutchinson, Kansas**

**\$500,000**

**General Obligation Bonds**

**Series 1994-A (Taxable Under Federal Law)**

(General obligation bonds payable from  
unlimited ad valorem taxes)

**Sealed Bids**

Subject to the notice of bond sale dated November 17, 1994, sealed bids will be received by the city clerk of the city of Hutchinson, Kansas, on behalf of the governing body at City Hall, 125 E. Avenue B, Hutchinson, Kansas, until 10 a.m. Central Time on December 6, 1994, for the purchase of \$500,000 principal amount of General Obligation Bonds, Series 1994-A (taxable under federal law). No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will become due on October 1 in the years as follows:

**Maturity  
Date**

**Principal  
Amount**

1996	\$25,000
1997	25,000
1998	30,000
1999	30,000
2000	30,000
2001	30,000
2002	30,000
2003	35,000
2004	40,000
2005	40,000
2006	40,000
2007	45,000
2008	50,000
2009	50,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semi-annually on April 1 and October 1, beginning April 1, 1995.

**Paying Agent and Bond Registrar**

Kansas State Treasurer, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$10,000 (2 percent of the principal amount of the bonds).

**Delivery**

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 31, 1994, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder.

**Assessed Valuation and Indebtedness**

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1994 is \$135,265,740. The total general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$17,828,500.

**Approval of Bonds**

The bonds will be sold subject to the legal opinion of Logan, Riley, Carson & Kaup, L.C., Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

**Additional Information**

Additional information regarding the bonds may be obtained from the city clerk, (316) 694-2614, or from Logan, Riley, Carson & Kaup, L.C., Bond Counsel, 9200 Indian Creek Parkway, Suite 230, Overland Park, KS 66210, (913) 661-0399.

## Summary Notice of Bond Sale

City of Bel Aire, Kansas

\$471,000

General Obligation Bonds, Series B, 1994

(General obligation bonds payable from  
unlimited ad valorem taxes)

## Sealed Bids

Subject to the notice of bond sale dated November 15, 1994, sealed bids will be received by the clerk of the city of Bel Aire, Kansas (the issuer), on behalf of the governing body at City Hall, 4551 N. Auburn, Wichita, KS 67220, until noon Central Standard Time on December 6, 1994, for the purchase of \$471,000 principal amount of General Obligation Bonds, Series B, 1994. No bid of less than the entire par value of the bonds, except a discount of not greater than 2 percent of the par value of the bonds, and accrued interest thereon to the date of delivery will be considered.

## Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof, except one bond in the denomination of \$6,000. The bonds will be dated December 1, 1994, and will become due on October 1 in the years as follows:

Year	Principal Amount
1997	\$26,000
1998	25,000
1999	25,000
2000	25,000
2001	30,000
2002	30,000
2003	30,000
2004	35,000
2005	35,000
2006	35,000
2007	40,000
2008	40,000
2009	45,000
2010	50,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semi-annually on April 1 and October 1 in each year, beginning on April 1, 1996.

## Paying Agent and Bond Registrar

Kansas State Treasurer, Topeka, Kansas.

## Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$9,420 (2 percent of the principal amount of the bonds).

## Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 15, 1994, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder.

## Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1994 is \$20,310,618. The total general obligation indebtedness of the issuer as of the date of the bonds, including the bonds being sold, is \$6,137,732.

## Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

## Additional Information

Additional information regarding the bonds may be obtained from the clerk, (316) 744-2451, or from the financial advisor, J.O. Davidson & Associates, Inc., 245 N. Waco, Wichita, KS 67201, Attention: David K. Shupe, (316) 265-9411.

Dated November 15, 1994.

City of Bel Aire, Kansas

Doc. No. 015633

(Published in the Kansas Register, November 24, 1994.)

**Notice of Bond Sale**  
**\$480,000**  
**City of Pittsburg, Kansas**  
**General Obligation Bonds**  
**Series 1994-A**

**Sealed Bids**

Sealed bids for the purchase of \$480,000 principal amount of General Obligation Bonds, Series 1994-A, of the city hereinafter described, will be received by the undersigned city clerk of the city of Pittsburg, Kansas, on behalf of the governing body of the city at City Hall, 201 W. 4th, Pittsburg, KS 66762, until 11 a.m. C.S.T. on Tuesday, December 13, 1994. All bids will be publicly opened and read at said time and place and will be acted upon by the governing body of the city at its meeting to be held December 13, 1994, at 7 p.m. C.S.T. at City Hall. No oral or auction bids will be considered.

**Bond Details**

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1996	\$40,000
1997	45,000
1998	45,000
1999	50,000
2000	55,000
2001	55,000
2002	60,000
2003	65,000
2004	65,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on September 1, 1995.

**Place of Payment and Bond Registration**

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the

bond registrar, will be the responsibility of the bondholders.

**Redemption of Bonds Prior to Maturity**

At the option of the city, bonds maturing on September 1, 2003, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2002, and thereafter in whole on any date, or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the city's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

**Conditions of Bids**

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount

(continued)

of the bonds shall be initially offered to the public (the initial reoffering prices).

#### **Basis of Award**

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### **Security for the Bonds**

The bonds will be general obligations of the city payable as to both principal and interest in part from special assessments levied upon specifically benefited property and, if not so paid, from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city. The balance of the principal of and interest on the bonds is payable from ad valorem taxes which may be levied without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the city.

#### **Internal Revenue Code of 1986**

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obli-

gations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### **Legal Opinion**

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

#### **Delivery and Payment**

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about December 28, 1994, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 3 p.m. C.S.T. on December 21, 1994. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 3 p.m. C.S.T. on December 21, 1994, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$9,600, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the city, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city, and the city reserves the right to pursue any consequential damages as a result of such default.

**CUSIP Numbers**

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

**Bid Forms**

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

**Submission of Bids**

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at City Hall prior to 11 a.m. C.S.T. on December 13, 1994.

**Date and Delivery of Preliminary and Final Official Statement**

The city has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the city will provide without cost to the purchaser such reasonable number of printed

copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds is awarded to a syndicate, the city will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The city will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the chairman and the city clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not to the best of their knowledge contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk or the city's financial advisor, Mark Twain Bank, Public Finance Division, 106 W. 11th, Suite 130, P.O. Box 419445, Kansas City, MO 64141, (816) 421-4440.

**Assessed Valuation and Indebtedness**

The total assessed valuation of the taxable tangible property (including motor vehicles) within the city as of the preceding August 25 is \$69,940,337. The total principal amount of general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$8,350,967, including as of the date of the bonds, temporary notes outstanding in the principal amount of \$725,000, of which \$250,000 will be retired out of proceeds of the bonds herein offered for sale. In accordance with the financial advisor's agreement with the city, the financial advisor will not be submitting a bid or participating in a group submitting a bid for the purchase of the bonds.

Dated November 22, 1994.

Doc. No. 015636

(Published in the Kansas Register, November 24, 1994.)

**Corrected****Summary Notice of Bond Sale****Satanta Hospital District, Haskell County, Kansas  
\$4,000,000****General Obligation Bonds, Series 1994****(General obligation bonds payable from  
unlimited ad valorem taxes)****Sealed Bids**

Subject to the notice of bond sale dated November 15, 1994, sealed bids will be received by the Secretary of Satanta Hospital District, Haskell County, Kansas (the issuer), on behalf of the governing body at Satanta District Hospital and Long Term Care Unit, 400 S. Main, P.O. Box 159, Satanta, KS 67870, until 4 p.m. C.S.T. on November 28, 1994, for the purchase of \$4,000,000 principal amount of General Obligation Bonds, Series 1994. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will become due on December 1 in the years as follows:

Maturity Date	Principal Amount
1996	\$170,000
1997	180,000
1998	195,000
1999	205,000
2000	215,000
2001	230,000
2002	245,000
2003	260,000
2004	275,000
2005	290,000
2006	310,000
2007	325,000
2008	345,000
2009	365,000
2010	390,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semi-annually on December 1 and June 1 in each year, beginning June 1, 1996.

**Paying Agent and Bond Registrar**

Kansas State Treasurer, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$80,000 (2 percent of the principal amount of the bonds).

**Delivery**

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 20, 1994, at such bank or trust company in the

contiguous United States of America as may be specified by the successful bidder.

**Assessed Valuation and Indebtedness**

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1994 is \$100,145,187. The total general obligation indebtedness of the issuer as of the date of the bonds, including the bonds being sold, is \$4,105,000.

**Approval of Bonds**

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

**Additional Information**

Additional information regarding the bonds may be obtained from the secretary, (316) 649-2717, or from the financial advisor, Riedl & Company, 345 Riverview, Suite 715, Wichita, KS 67203, Attention: Theron L. Froggatte, (316) 265-9341.

Dated November 15, 1994.

Satanta Hospital District  
Haskell County, Kansas

Doc. No. 015644

(Published in the Kansas Register, November 24, 1994.)

**Notice of Bond Sale****\$8,800,000****Unified School District No. 450****Shawnee County, Kansas****General Obligation Bonds****Sealed Bids**

Sealed bids for the purchase of \$8,800,000 principal amount of General Obligation Bonds of Unified School District No. 450, Shawnee County, Kansas, hereinafter described, will be received by the undersigned district clerk of Unified School District No. 450, Shawnee County, Kansas, on behalf of the Board of Education of the district at the district's administrative offices, 4401 S.E. Shawnee Heights Road, Tecumseh, KS 66542-9799, until 11 a.m. Central Time on December 8, 1994. All bids will be publicly opened and read at said time and place and will be acted upon by the district immediately thereafter. No oral or auction bids will be considered.

**Bond Details**

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will be become due serially on September 1 in the years as follows:

Year	Principal Amount
1997	\$330,000
1998	510,000
1999	540,000
2000	570,000
2001	600,000
2002	635,000

2003	675,000
2004	710,000
2005	755,000
2006	795,000
2007	845,000
2008	890,000
2009	945,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1996.

#### Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

#### Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on September 1, 2004, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2003, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each fully registered bond as though it were a separate bond in the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail addressed to the paying agent and bond registrar and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45

days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the district's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

#### Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of 30-year treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various improvements to the district's schools. The bonds will be general obligations of the district payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

#### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will

(continued)

diligently undertake those steps necessary to maintain the excludability of the interest on the bonds from gross income for federal tax purposes. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income.

The district does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### **Legal Opinion**

The bonds will be sold subject to the legal opinion of Perry, Hamill & Fillmore, L.C., Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from federal income taxation. Under present law, interest on the bonds is also excludable from the computation of Kansas adjusted gross income.

#### **Delivery and Payment**

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about December 28, 1994, at such bank or trust company in the contiguous 48 states of the United States as may be specified by the successful bidder. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than 4 p.m. Central Time on December 14, 1994. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 4 p.m. Central Time on December 14, 1994, a certificate acceptable to the district's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and

(ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more of the par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### **Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount equal to 2 percent of the par value of the bonds, payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice and the bid, at which time said check shall be returned to the successful bidder or deducted from the purchase price of the bonds, all at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder, and the district shall have no other obligation to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice or the bid, the proceeds of such check shall be forfeited to the district, with the district reserving the right to pursue any consequential damages arising from such default.

#### **CUSIP Numbers**

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

#### **Bid Forms**

All bids must be made on forms which may be procured from the district clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

#### **Submission of Bids**

Bids must be submitted in sealed envelopes addressed to the undersigned district clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at 4401 S.E. Shawnee Heights Road, Tecumseh, KS 66542-9799, and must be received by the undersigned prior to 11 a.m. Central Time on December 8, 1994.

#### **Date and Delivery of Preliminary and Final Official Statement**

The district has authorized the preparation and disbursement of a preliminary official statement containing

information relating to the bonds and the district. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the underwriter(s) and the price or yield at which the underwriter(s) will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the district will provide without cost to the underwriter(s) such reasonable number of copies of the final official statement as such underwriter(s) may request. Further copies, if desired, will be made available at the underwriter's expense. If the sale of the bonds are awarded to a syndicate, the district will designate the senior managing underwriter of the syndicates as its agent for purposes of distributing copies of the final official statement to each participating underwriter. Any underwriter executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each such participating underwriter of the final official statement.

The district will deliver to the underwriters on the date of delivery of the bonds a certificate executed by the president and the district clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the district's preliminary official statement relating to the bonds may be obtained from the district clerk or the district's financial advisor, B.C. Christopher, a division of Fahnestock & Co., Inc., 534 Kansas Ave., Topeka, KS 66603, (913) 235-9289, Attention: John McArthur.

In accordance with the terms and provisions of the contract between the district and its financial advisor, the financial advisor may submit a bid to purchase the bonds.

#### Optional Municipal Bond Insurance

The district has applied to AMBAC Indemnity Corporation (AMBAC), Capital Guaranty Insurance Company (CAPITAL), Financial Guaranty Insurance Company (FGIC) and Municipal Bond Investors Assurance Corporation (MBIA) for a commitment for municipal bond insurance relating to the bonds. A notice as to the issuance of a commitment for municipal bond insurance relating to the bonds from any of the insurers will be provided to prospective bidders prior to the date of sale. If a commitment is issued by an insurer, the bonds may be purchased with or without this insurance at the option of the successful bidder. All expenses associated with the purchase of said insurance (including appropriate rating agency fees) will be the responsibility of the successful bidder. The amount of such premium and rating agency fees may be obtained from AMBAC, CAP-

ITAL, FGIC or MBIA. The insurance policy, if purchased, will insure the timely payment of the principal of and interest on the bonds. Bidders desiring to purchase the optional municipal bond insurance must so indicate on the official bid form.

#### Bond Rating

The district has not applied for an independent rating on the bonds herein offered for sale. If the successful bidder elects to purchase the bonds with municipal bond insurance, Standard & Poor's Ratings Group and Moody's Investors Service, Inc. will assign their ratings of "AAA" and "Aaa," respectively, to this issue with the understanding that upon delivery of the bonds, a policy insuring the payment when due of the principal of and interest on the bonds will be issued by AMBAC, CAPITAL, FGIC or MBIA.

#### Secondary Market Disclosure

The district, pursuant to K.S.A. 75-1122, must have its accounts examined and audited by a licensed municipal public accountant or a certified public accountant at least once a year. Pursuant to the Kansas Open Records Act (K.S.A. 45-215 et seq.), it is the public policy of the state of Kansas that all public records of the district be open for inspection by any person. The financial condition of the district, including assessed values, tax collection effort and revenue and fund balances, are typically the type of information which falls within the area of the information subject to disclosure under the Kansas Open Records Act. Thus, any broker, dealer or other interested person or entity may contact the clerk of the district for any information concerning the district. If copies of documents are requested, upon the district receiving advance payment for the fees and expenses of providing same, such copies will be provided.

The Securities and Exchange Commission has enacted the proposed change to SEC Rule 15c2-12, which requires continuing disclosure through a central repository; the district will covenant to comply with such continuing disclosure to the extent applicable.

#### Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the district as of November 1, 1994, is \$94,170,220 (this includes motor vehicle valuation of \$15,195,958). The total general obligation bonded indebtedness of the district as of the date of the bonds, including the bonds, is \$9,255,000.

Dated November 22, 1994.

Doc. No. 015631

(Published in the Kansas Register, November 24, 1994.)

**Summary Notice of Bond Sale****City of Newton, Kansas****\$2,135,000****General Obligation Bonds, Series 1994****(General obligation bonds payable from unlimited ad valorem taxes)****Sealed Bids**

Subject to the notice of bond sale dated November 21, 1994, sealed bids will be received by the clerk of the city of Newton, Kansas (the issuer), on behalf of the governing body at City Hall, 201 E. 6th, Newton, KS 67114, until 6:30 p.m. C.S.T. on December 7, 1994, for the purchase of \$2,135,000 principal amount of General Obligation Bonds, Series 1994. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will become due on September 1 in the years as follows:

Year	Principal Amount
1995	\$140,000
1996	145,000
1997	175,000
1998	175,000
1999	175,000
2000	180,000
2001	180,000
2002	185,000
2003	185,000
2004	190,000
2005	75,000
2006	80,000
2007	80,000
2008	85,000
2009	85,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semi-annually on March 1 and September 1 in each year, beginning on March 1, 1995.

**Paying Agent and Bond Registrar**

Kansas State Treasurer, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$42,700 (2 percent of the principal amount of the bonds).

**Delivery**

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 30, 1994, at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder.

**Assessed Valuation and Indebtedness**

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1994 is \$65,888,549. The total general obligation indebtedness of the issuer as of the date of the bonds, including the bonds being sold, is \$7,895,000.

**Approval of Bonds**

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

**Additional Information**

Additional information regarding the bonds may be obtained from the clerk, (316) 284-6015, or from the financial advisor, George K. Baum & Company, 100 N. Main, Suite 810, Wichita, KS 67202, Attention: Charles M. Bouilly, (316) 264-9351.

Dated November 21, 1994.

City of Newton, Kansas

Doc. No. 015634

(Published in the Kansas Register, November 24, 1994.)

**Notice of Bond Sale****\$5,700,000****Unified School District No. 340****Jefferson County, Kansas****General Obligation Bonds****Sealed Bids**

Sealed bids for the purchase of \$5,700,000 principal amount of General Obligation Bonds of Unified School District No. 340, Jefferson County, Kansas, hereinafter described, will be received by the undersigned district clerk of Unified School District No. 340, Jefferson County, Kansas, on behalf of the Board of Education of the district at the district's administrative offices, Wyandotte and Miller Street, P.O. Box 267, Meriden, KS 66512, until 11 a.m. Central Time on December 7, 1994. All bids will be publicly opened and read at said time and place and will be acted upon by the district immediately thereafter. No oral or auction bids will be considered.

**Bond Details**

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1994, and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1997	\$ 75,000
1998	180,000
1999	195,000
2000	205,000
2001	220,000
2002	230,000
2003	250,000
2004	265,000

2005	280,000
2006	300,000
2007	320,000
2008	330,000
2009	355,000
2010	370,000
2011	390,000
2012	410,000
2013	420,000
2014	440,000
2015	465,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1996.

#### Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

#### Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on September 1, 2005, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2004, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond in the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be

mailed by United States certified mail addressed to the paying agent and bond registrar and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the district's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

#### Conditions of Bid

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of 30-year treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance the building, equipping and furnishing of a new senior high school on district property. The bonds will be general obligations of the district payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

(continued)

**Internal Revenue Code of 1986**

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will diligently undertake those steps necessary to maintain the excludability of the interest on the bonds from gross income for federal tax purposes. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income.

The district does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

**Legal Opinion**

The bonds will be sold subject to the legal opinion of Perry, Hamill & Fillmore, L.C., Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from federal income taxation. Under present law, interest on the bonds is also excludable from the computation of Kansas adjusted gross income.

**Delivery and Payment**

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about December 28, 1994, at such bank or trust company in the contiguous 48 states of the United States as may be specified by the successful bidder. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than 4 p.m. Central Time on December 15, 1994. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 4 p.m. Central Time on December 15, 1994, a certificate acceptable to the district's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more of the par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount equal to 2 percent of the par value of the bonds payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice and the bid, at which time said check shall be returned to the successful bidder or deducted from the purchase price of the bonds, all at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder, and the district shall have no other obligation to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice or the bid, the proceeds of such check shall be forfeited to the district, with the district reserving the right to pursue any consequential damages arising from such default.

**CUSIP Numbers**

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

**Bid Forms**

All bids must be made on forms which may be procured from the district clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

**Submission of Bids**

Bids must be submitted in sealed envelopes addressed to the undersigned district clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Wyandotte and Miller Street, P.O. Box 267, Meriden, KS 66512, and must be received by the un-

dersigned prior to 11 a.m. Central Time on December 7, 1994.

#### **Date and Delivery of Preliminary and Final Official Statement**

The district has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds and the district. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the underwriter(s) and the price or yield at which the underwriter(s) will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the district will provide without cost to the underwriter(s) such reasonable number of copies of the final official statement as such underwriter(s) may request. Further copies, if desired, will be made available at the underwriter's expense. If the sale of the bonds are awarded to a syndicate, the district will designate the senior managing underwriter of the syndicates as its agent for purposes of distributing copies of the final official statement to each participating underwriter. Any underwriter executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each such participating underwriter of the final official statement.

The district will deliver to the underwriters on the date of delivery of the bonds a certificate executed by the president and the district clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the district's preliminary official statement relating to the bonds may be obtained from the district clerk or the district's financial advisor, B.C. Christopher, a division of Fahnestock & Co., Inc., 534 Kansas Ave., Topeka, KS 66603, (913) 235-9289, Attention: John McArthur.

In accordance with the terms and provisions of the contract between the district and its financial advisor, the financial advisor may submit a bid to purchase the bonds.

#### **Optional Municipal Bond Insurance**

The district has applied to AMBAC Indemnity Corporation (AMBAC), Capital Guaranty Insurance Company (CAPITAL), Financial Guaranty Insurance Company (FGIC) and Municipal Bond Investors Assurance Corporation (MBIA) for a commitment for municipal bond insurance relating to the bonds. A notice as to the issuance of a commitment for municipal bond insurance relating to the bonds from any of the insurers will be provided to prospective bidders prior to the date of sale. If a commitment is issued by an insurer, the bonds may

be purchased with or without this insurance at the option of the successful bidder. All expenses associated with the purchase of said insurance (including appropriate rating agency fees) will be the responsibility of the successful bidder. The amount of such premium and rating agency fees may be obtained from AMBAC, CAPITAL, FGIC or MBIA. The insurance policy, if purchased, will insure the timely payment of the principal of and interest on the bonds. Bidders desiring to purchase the optional municipal bond insurance must so indicate on the official bid form.

#### **Bond Rating**

The district has not applied for an independent rating on the bonds herein offered for sale. If the successful bidder elects to purchase the bonds with municipal bond insurance, Standard & Poor's Ratings Group and Moody's Investors Service, Inc. will assign their ratings of "AAA" and "Aaa," respectively, to this issue with the understanding that upon delivery of the bonds, a policy insuring the payment when due of the principal of and interest on the bonds will be issued by AMBAC, CAPITAL, FGIC or MBIA.

#### **Secondary Market Disclosure**

The district, pursuant to K.S.A. 75-1122, must have its accounts examined and audited by a licensed municipal public accountant or a certified public accountant at least once a year. Pursuant to the Kansas Open Records Act (K.S.A. 45-215 et seq.), it is the public policy of the state of Kansas that all public records of the district be open for inspection by any person. The financial condition of the district, including assessed values, tax collection effort and revenue and fund balances, are typically the type of information which falls within the area of the information subject to disclosure under the Kansas Open Records Act. Thus, any broker, dealer or other interested person or entity may contact the clerk of the district for any information concerning the district. If copies of documents are requested, upon the district receiving advance payment for the fees and expenses of providing same, such copies will be provided.

The Securities and Exchange Commission has enacted the proposed change to SEC Rule 15c2-12, which requires continuing disclosure through a central repository; the district will covenant to comply with such continuing disclosure to the extent applicable.

#### **Assessed Valuation and Indebtedness**

The total assessed valuation of the taxable tangible property within the district as of November 1, 1994, is \$19,584,811 (this includes motor vehicle value of \$3,678,533). The total general obligation bonded indebtedness of the district as of the date of the bonds, including the bonds, is \$5,700,000.

Dated November 22, 1994.

Doc. No. 015630

## State of Kansas

## Department of Transportation

## Notice to Contractors

Sealed proposals for the construction of road and bridge work in the following Kansas counties will be received at the office of the Chief of Construction and Maintenance, K.D.O.T., Topeka, or at the Ramada Inn Airport, Wichita, until 2 p.m. December 14 and then publicly opened:

## District One—Northeast

**Atchison-Doniphan**—7-106 K-5610-01 - K-7, from the north city limits of Atchison, north to the Atchison-Doniphan county line and from the Atchison-Doniphan county line, north to the junction of K-20, 11.1 miles, overlay. (State Funds)

**Doniphan**—7-22 K-5402-01 - K-7, from the junction of U.S. 36, northwest to the west junction of old U.S. 36, 5.5 miles, recycle. (State Funds)

**Douglas**—56-23 K-5191-01 - U.S. 56, from the junction of U.S. 59, east to the Douglas-Johnson county line, 11.8 miles, recycle. (State Funds)

**Jefferson**—4-44 K-5636-01 - K-4, approximately 800 feet west of the K-4A junction, east to U.S. 59, 0.6 mile, pavement marking. (State Funds)

**Jefferson**—44 K-1429-04 - Perry State Park, 7 miles, surfacing. (State Funds)

**Jefferson**—59-44 K-5635-01 - U.S. 59, from the junction of K-4, north to the Atchison-Jefferson county line, 0.5 mile, pavement marking. (State Funds)

**Johnson**—7-46 K-5403-01 - K-7, from the two-lane/four-lane, north to 1,000 feet south of 83rd Street (north-bound only).

**Johnson**—69-46 K-5411-01 - U.S. 69, from the junction of I-435, north to the junction of I-35, 3 miles, patching. (State Funds)

**Johnson**—46 N-0058-01 - 119th Street from Roe Avenue to Mission Road in Leawood, surfacing. (Federal Funds)

**Shawnee**—89 U-1371-01 - Kansas Place over Butcher Creek in Topeka, 0.3 mile, grading, bridge and surfacing. (Federal Funds)

**Shawnee**—89 U-1458-01 - Kansas Avenue over the Kansas River in Topeka, 0.6 mile, bridge repair. (Federal Funds)

**Shawnee**—89 U-1511-01 - Eighth and Lane Street, Huntoon Avenue and Lane Street, 12th Street and Washburn Avenue, traffic signals. (Federal Funds)

**Shawnee-Jefferson**—106 K-5609-01 - K-4, from the Shawnee-Jefferson county line, northeast to the junction of U.S. 59; K-4, from the junction of U.S. 24, north to the Shawnee-Jefferson county line; U.S. 59, from the junction of K-4, north to the Jefferson-Atchison county line.

**Various counties**—106 K-5614-01 - Various locations throughout the district, signing. (Federal Funds)

**Wyandotte**—5-105 K-5399-01 - K-5, from Sunshine Road and McCormick Road west to I-635, 1.9 miles, overlay. (State Funds)

**Wyandotte**—24-105 K-5408-01 - U.S. 24, 0.3 mile west of the junction of I-435, east to 94th Street, 1.1 miles, recycle. (State Funds)

## District Two—Northcentral

**Chase**—50-9 K-5426-01 - U.S. 50, from the west city limits of Strong City to 2 miles west of the Chase-Lyon county line, 8.2 miles, overlay. (State Funds)

**Chase**—177-9 M-1801-01 - KDOT Mixing Strip at the junction of K-177/U.S. 50, bituminous mixture stockpiling. (State Funds)

**Chase**—177-9 K-5433-01 - K-177, from the Butler-Chase county line, north to the junction of U.S. 50, 24.1 miles, seal. (State Funds)

**Dickinson**—43-21 K-5425-01 - K-43, from the junction of K-4, north to the east junction of county route 1816, (except in the city of Enterprise), 18.2 miles, overlay. (State Funds)

**Ellsworth**—141-27 M-1794-01 - K-141, KDOT Mixing Strip, north of the junction of K-4, 5 miles, bituminous mixture stockpiling. (State Funds)

**Ellsworth**—141-27 K-5431-01 - K-141, from the junction of K-4, north to the junction of K-140, 13.5 miles, overlay. (State Funds)

**Marion**—56-57 K-5427-01 - U.S. 56, from the McPherson-Marion county line, east to the east junction of K-15, 8.5 miles, recycle. (State Funds)

**Marion**—56-57 M-1800-01 - U.S. 56, KDOT Mixing Strip, south of Lehigh, 1 mile bituminous mixture stockpiling. (State Funds)

**McPherson**—56-59 M-1799-01 - U.S. 56, KDOT Mixing Strip, east of Galva, bituminous mixture stockpiling. (State Funds)

**McPherson**—61-59 K-5429-01 - K-61, from the Reno-McPherson county line, northeast to the junction of K-153, 12.4 miles, overlay. (State Funds)

**McPherson-Marion**—106 K-5608-01 - U.S. 56, from the two-lane/four-lane east of I-135, east to the McPherson-Marion county line; K-86, from the junction of U.S. 56, north to the south city limits of Canton; K-168, from the junction of U.S. 56, north to the south city limits of Leigh, 13.9 miles, recycle. (State Funds)

**Mitchell**—9-62 K-5029-01 - K-9, Plum Creek bridge 21, 2.5 miles east of U.S. 24, bridge replacement. (Federal Funds)

**Republic**—36-79 K-2095-01 - Mid-State Port Authority bridge 9, 8 miles east of the junction of U.S. 36 and K-266, bridge replacement. (Federal Funds)

**Republic**—36-79 K-2095-02 - Detour for Mid-State Port Authority bridge 9, 8 miles east of U.S. 36 and K-266 junction, flashing light signal. (Federal Funds)

## District Three—Northwest

**Decatur**—83-20 K-4910-01 - U.S. 83, 1,100 feet south of U.S. 36, north to U.S. 36 in Oberlin, 0.2 mile, pavement reconstruction. (State Funds)

**Norton**—383-69 K-4073-01 - K-383, Kyle Railroad bridge 33, Prairie Dog Creek bridge 34 and Horse Creek bridge 35, northeast of K-60, bridge replacements. (Federal Funds)

**Norton**—69- U-1297-01 - Main Street at Prairie Dog Creek in Almena, 0.1 mile, grading, bridge and surfacing. (Federal Funds)

#### District Four—Southeast

**Allen**—169-1 K-2219-01 - U.S. 169, from the north city limits of Iola, north to the Allen-Anderson county line, 6.3 miles, recycle. (State Funds)

**Bourbon-Linn**—7-106 K-5604-01 - K-7, from the junction of U.S. 54, north to the Bourbon-Linn county line, and from the Bourbon-Linn county line, north to the south city limits of Mound City, 22.6 miles, overlay. (State Funds)

**Coffey**—57-16 K-5456-01 - K-57, from the south junction of U.S. 75, east to the Coffey-Anderson county line, 12 miles, overlay. (State Funds)

**Douglas-Franklin**—33-106 K-5605-01 - K-33, from the Franklin-Douglas county line, north to the junction of U.S. 56 and from the junction of K-68, north to the Franklin-Douglas county line, 10.4 miles, overlay. (State Funds)

**Greenwood**—37 K-2495-03 - Quarry Bay area and South Shore area in Fall River State Park, overlay. (State Funds)

**Greenwood**—99-37 K-1748-01 - K-99, from the east junction of U.S. 54, north to 3 miles south of K-249, 17.2 miles, overlay. (State Funds)

**Linn**—152-54 K-5458-01 - K-152, from the junction of K-7, east to the west city limits of LaCygne, 8.2 miles, overlay. (State Funds)

**Linn**—239-54 K-5460-01 - K-239, from the junction of U.S. 69, east to the Kansas-Missouri state line, 5.7 miles, overlay. (State Funds)

**Woodson**—104 K-2496-03 - Toronto Point, Holiday Hill, Woodson Cove areas in Toronto State Park, overlay. (State Funds)

#### District Five—Southcentral

**Barber**—281-4 K-3377-01 - U.S. 281, from the Oklahoma-Kansas state line north to K-2 except in the city of Hardtner, 5.3 miles, grading and bridge. (State Funds)

**Butler**—254-8 K-5481-01 - K-254, from the west city limits of Towanda, east to the east city limits of Towanda, 0.9 mile, overlay. (State Funds)

**Butler**—254-8 M-1790-01 - KDOT Mixing Strip on K-196, 2 miles west of El Dorado, bituminous mixture stockpiling. (State Funds)

**Cowley**—360-18 K-4432-01 - K-360, Winfield Bypass, from U.S. 77 east and north to 12th and Brandt Road, 2.9 miles, grading and bridge. (State Funds)

**Cowley**—160-18 K-5600-01 - U.S. 160, from the west city limits of Burden, east to the east city limits of Cambridge and from the east city limits of Cambridge east to the Cowley-Elk county line, 13.9 miles, overlay. (State Funds)

**Cowley**—166-18 K-4355-01 - U.S. 166, 3.1 miles east of county route 158 east to 0.3 mile east of the west junction of K-15, 7.9 miles, grading, bridge and surfacing. (State Funds)

**Cowley**—360-18 U-1244-02 - K-360, from U.S. 160 and Brandt Road south to 12th Street in Winfield, 0.5 mile, grading and surfacing. (State Funds)

**Harvey**—15-40 K-5139-01 - K-15, from the south city limits of north Newton, north to the Harvey-Marion county line, 7.6 miles, overlay. (State Funds)

**Harvey**—196-40 K-5480-01 - K-196, from the junction of I-135, east to the Harvey-Butler county line, 9.6 miles, overlay. (State Funds)

**Harper**—160-39 M-1789-01 - U.S. 160, KDOT Mixing Strip, bituminous mixture stockpiling. (State Funds)

**Harper-Kingman**—106 K-5599-01 - K-14, from the north city limits of Harper north to Harper-Kingman county line; K-14, from the Harper-Kingman county line, north to the junction of K-42; U.S. 160, from the east city limits of Harper east to Harper-Sumner county line, 24.4 miles, overlay. (State Funds)

**Kingman**—14-48 M-1788-01 - K-14, KDOT Mixing Strip at mile point 80.9, bituminous mixture stockpiling. (State Funds)

**Sedgwick**—254-87 K-5482-02 - K-254, from Hydraulic Avenue then northeast 2.6 miles, overlay. (State Funds)

**Sedgwick**—296-87 K-5484-01 - K-296, from the west junction of K-96, south to the north city limits of Andale, 5.6 miles, overlay. (State Funds)

**Sedgwick**—163-87 K-5478-01 - K-163, from U.S. 54, south to the north city limits of Garden Plain, 0.5 mile, recycle. (State Funds)

**Stafford**—281-93 K-4052-01 - U.S. 281, from the Pratt-Stafford county line north to the junction of U.S. 50, 9.1 miles, grading, bridge and surfacing. (State Funds)

**Stafford**—281-93 K-4053-01 - U.S. 281, from the junction of U.S. 50, north to the junction of K-19, 14 miles, grading and surfacing. (State Funds)

**Sumner**—81-96 K-5151-01 - U.S. 81, from the north city limits of South Haven, north to 2.4 miles north of county route 645, 10.5 miles, overlay. (State Funds)

#### District Six—Southwest

**Ness**—68 C-2836-01 - County road, 1.5 miles south of K-96 on the Lane-Ness county line, then north, 0.1 mile, grading and bridge. (Federal Funds)

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder be-

(continued)

fore a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Michael L. Johnston  
Secretary of Transportation

Doc. No. 015621

(Published in the Kansas Register, November 24, 1994.)

## Seward County Community College Board of Trustees

### Notice of Intent to Issue Revenue Bonds

The Board of Trustees of the Seward County Community College, Seward County, Kansas, adopted a resolution November 10, 1994, declaring it necessary and authorizing improvements to the student union and dormitory system by constructing and equipping a structure to house new cafeteria, bookstore and snack bar facilities on the campus of Seward County Community College, Liberal, Kansas, at an estimated cost of \$1,375,000, under the authority of K.S.A. 76-6a12 to 76-6a25, inclusive, as amended and supplemented.

The resolution declares it necessary and authorizes the issuance and sale of system revenue bonds of the college in an amount of not to exceed \$1,100,000, such bonds to be used, along with other available funds of the college, to pay the costs of the project and provide for the deposit of bond reserve funds and related costs of issuance.

Unless an action to contest the legality of the proposed revenue bonds of the college shall be filed in a court of law within 30 days of the date of publication of this notice, the right to contest the legality of any revenue bonds issued in compliance with the aforesaid resolution and other proceedings duly and legally had and taken by the board prior to the date of publication of this notice, and the right to contest the validity of the provisions of such proceedings, shall cease to exist, and no court shall thereafter have the authority to inquire into such matters. After the expiration of said 30 days from the date of publication of this notice, no one shall have any right to commence an action contesting the validity of such revenue bonds or the provisions of such proceedings of the board, and all such revenue bonds shall be conclusively presumed to be legal and no court shall thereafter have the authority to inquire into such matters.

Dated November 10, 1994.

Board of Trustees  
Seward County Community College  
Seward County, Kansas  
By Jo Ann Sharp  
Chairperson, Board of Trustees  
Attest: James Grote  
Clerk of the Board

Doc. No. 015635

## State of Kansas

## Department of Health and Environment

### Permanent Administrative Regulations

#### Article 15.—APPLICATION FOR PERMITS; DOMESTIC WATER SUPPLY

**28-15-11. Definitions.** (a) "Public water supply system" or "system" means a system for delivery to the public of piped water for human consumption, that has at least 10 service connections or regularly serves at least 25 individuals daily at least 60 days out of the year. This term shall include any source, treatment, storage or distribution facilities used in connection with the system.

(b) "Community water supply system" means a public water supply system which has at least 10 service connections used by year-round residents or that regularly serves 25 year-round residents.

(c) "Non-community water supply system" means a public water supply system which is not a community water supply system.

(d) "Non-transient non-community water supply system" means a public water supply system that is not a community water supply system and that regularly serves at least 25 of the same persons at least six months per year.

(e) "Department" means the Kansas department of health and environment.

(f) "Secretary" means the secretary of health and environment.

(g) "Laboratory tests" means all bacteriological, chemical, physical or radiological tests made by either the departmental laboratory or an approved laboratory on water samples which were submitted by the operator of a system to confirm the quality of the water.

(h) "Operating records and reports" means the daily record and the monthly report of data connected with the operation of the system facilities.

(i) "Sanitary survey" means an on-site appraisal of a public water supply system for the purpose of evaluating the adequacy of the water source, facilities, equipment, operation and maintenance.

(j) "Approved laboratory" means a laboratory certified and approved by the department to analyze water samples to determine compliance with maximum contaminant levels, or to perform other required analyses.

(k) "Maximum contaminant level" (MCL) means the maximum permissible level of a contaminant in water which is delivered to any user of a public water supply system, or measured at other locations specified in these regulations.

(l) "Distribution system" means the system of conduits and appurtenances by which a water supply is distributed to consumers.

(m) "Turbidity" means the cloudy condition of water caused by the presence of finely suspended matter such as clay, silt, plankton, and microscopic organisms, resulting in the scattering and absorption of light rays. Measured in nephelometric turbidity units (NTU).

(n) "Point-of-entry treatment device" means a treatment device applied to the drinking water entering a

house or building for the purpose of reducing contaminants in the drinking water distributed throughout the house or building.

(o) "Point-of-use treatment device" means a treatment device applied to a single tap used for the purpose of reducing contaminants in drinking water at that particular tap.

(p) "Confluent growth" means a continuous bacterial growth covering the entire filtration area of a membrane filter, or a portion thereof, in which bacterial colonies are not discrete.

(q) "Domestic or non-distribution system plumbing problem" means a coliform contamination problem in a public water system with more than one service connection that is limited to the specific service connection from which the coliform-positive sample was taken.

(r) "System with a single service connection" means a system which supplies drinking water to consumers via a single service line.

(s) "Too numerous to count" means that the total number of bacterial colonies exceeds 200 on a 47-mm diameter membrane filter used for coliform detection.

(t) "Coagulation" means a process using coagulant chemicals and mixing by which colloidal and suspended materials are destabilized and agglomerated into flocs.

(u) "Conventional filtration treatment" means a series of processes including coagulation, flocculation, sedimentation, and filtration resulting in substantial particulate removal.

(v) (1) "CT or CT Calc" means the product of "C" x "T," where:

(A) "C" equals the residual disinfectant concentration measured in mg/l and determined before or at the first customer; and

(B) "T" equals the corresponding disinfectant contact time measured in minutes.

(2) If a public water system applies disinfectants at more than one point prior to the first customer, it shall determine the CT of each disinfectant sequence before or at the first customer to determine the total percentage of inactivation or "total inactivation ratio." In determining the total inactivation ratio, the public water system shall determine the residual disinfectant concentration of each disinfection sequence and corresponding disinfectant contact time before any subsequent disinfection application point.

(3) "CT<sub>99.9</sub>" means the CT value required for 99.9 percent, or 3-log, inactivation of *Giardia lamblia* cysts. CT<sub>99.9</sub> for a variety of disinfectants and conditions appears in Tables 1.1-1.6, 2.1 and 3.1 of 40 CFR 141.74(b)(3) as in effect on July 1, 1992.

(4) CT<sub>calc</sub>/CT<sub>99.9</sub> is the inactivation ratio.

(5) The sum of the inactivation ratios, or "total inactivation ratio," shown as  $\Sigma(CT_{calc})/(CT_{99.9})$ , is calculated by adding together the inactivation ratio for each disinfection sequence. A total inactivation ratio equal to or greater than 1.0 shall be assumed to provide a 3-log inactivation of *Giardia lamblia* cysts.

(w) "Diatomaceous earth filtration" means the process resulting in substantial particulate removal in which:

(1) a precoat cake of diatomaceous earth filter media is deposited on a support membrane called a septum; and

(2) additional filter media known as body feed are continuously added to the feed water to maintain the permeability of the filter cake while the water is filtered by passing through the cake on the septum.

(x) "Direct filtration" means a series of processes, including coagulation and filtration but excluding sedimentation, resulting in substantial particulate removal.

(y) "Disinfectant contact time," which is referred to as "T" in CT calculations, means the time in minutes that it takes for water to move from the point of disinfectant application or the previous point of disinfectant residual measurement to a point before or at the point where residual disinfectant concentration "C" is measured. Where only one "C" is measured, "T" shall be the time in minutes that it takes for water to move from the point of disinfectant application to a point before or at the point where "C" is measured. Where more than one "C" is measured, "T" shall be:

(1) for the first measurement of "C," the time in minutes that it takes for water to move from the first or only point of disinfectant application to a point before or at the point where the first "C" is measured; and

(2) for subsequent measurements of "C," the time in minutes that it takes for water to move from the previous "C" measurement point to the "C" measurement point for which the particular "T" is being calculated.

Disinfectant contact time in pipelines shall be calculated based on "plug flow" by dividing the internal volume of the pipe by the maximum hourly flow rate through the pipe. Disinfectant contact time within mixing basins and storage reservoirs shall be determined by tracer studies or an equivalent demonstration.

(z) "Disinfection" means a process which inactivates pathogenic organisms in water by chemical oxidants or equivalent agents.

(aa) "Filtration" means a process for removing particulate matter from water by passage through porous media.

(bb) "Flocculation" means a process to enhance agglomeration or collection of smaller floc particles into larger, more easily settleable particles through gentle stirring by hydraulic or mechanical means.

(cc) "Ground water under the influence of surface water" means any water beneath the surface of the ground with:

(1) significant occurrence of insects or other macroorganisms, algae, or large-diameter pathogens such as *Giardia lamblia*; or

(2) significant and relatively rapid shifts in water characteristics such as turbidity, temperature, conductivity, or pH which closely correlate to climatological or surface water conditions.

Direct influence shall be determined for individual sources in accordance with criteria established by the department. The department determination of direct influence may be based on site-specific measurements of water quality, documentation of well construction characteristics and geology, or both, with field evaluation.

(dd) "Legionella" means a genus of bacteria, some species of which have caused a type of pneumonia called legionnaires disease.

(continued)

(ee) "Point of disinfectant application" means the point where the disinfectant is applied and water downstream of that point is not subject to recontamination by surface water runoff.

(ff) "Residual disinfectant concentration," which is referred to as "C" in CT calculations, means the concentration of disinfectant measured in mg/l in a representative sample of water.

(gg) "Sedimentation" means a process for removal of solids before filtration by gravity or separation.

(hh) "Slow sand filtration" means a process involving passage of raw water through a bed of sand at a low velocity of generally less than 0.4 m/h, resulting in substantial particulate removal by physical and biological mechanisms.

(ii) "Surface water" means all water which is open to the atmosphere and subject to surface runoff.

(jj) "Waterborne disease outbreak" means the significant occurrence of acute infectious illness, epidemiologically associated with the ingestion of water from a public water system which is deficient in treatment, as determined by the appropriate local or state agency.

(kk) "Virus" means a virus of fecal origin which is infectious to humans by waterborne transmission.

(ll) "Action level" means the concentration of lead or copper in water specified in 40 CFR 141.80(c) as in effect on July 1, 1993, which determines, in some instances, the treatment procedures contained in 40 CFR 141.80 through 141.91 as in effect on July 1, 1992, that a public water supply system is required to complete.

(mm) "Corrosion inhibitor" means a substance capable of reducing the corrosivity of water towards metal plumbing materials by forming a protective film on the interior surface of those materials.

(nn) "Effective corrosion inhibitor residual" means a concentration sufficient to form a passivating film on the interior walls of a pipe.

(oo) "First draw sample" means a one-liter sample of tap water, collected in accordance with 40 CFR 141.86(b)(2) as in effect on July 1, 1992, that has been standing in plumbing pipes at least six hours and is collected without flushing the tap.

(pp) "Large water system" means a public water supply system which serves more than 50,000 persons when used in 40 CFR 141, as adopted in K.A.R. 28-15-22.

(qq) "Lead service line" means a service line made of lead which connects the water main to the building inlet and any lead pigtail, gooseneck or other fitting which is connected to the lead line.

(rr) "Medium-sized water system" when used in 40 CFR 141, as adopted in K.A.R. 28-15-22, means a public water supply system that serves greater than 3,300 persons and less than or equal to 50,000 persons.

(ss) "Optimal corrosion control treatment" when used in 40 CFR 141, as adopted in K.A.R. 28-15-22, means the corrosion control treatment that minimizes the lead and copper concentrations at the users' tap while insuring that the treatment does not cause the system to violate any national primary drinking water regulation.

(tt) "Service line sample" means a one-liter sample of water collected in accordance with 40 CFR 141.86(b)(3) as in effect on July 1, 1992, that has been standing at least six hours in a service line.

(uu) "Single family structure," for the purpose of K.A.R. 28-15-22 only, means a building constructed as a single-family residence that is currently used as either a residence or a place of business.

(vv) "Small water system," for the purpose of K.A.R. 28-15-22 only, means a public water supply system that serves 3,300 persons or less.

(ww) "Compliance cycle" means the nine-year calendar cycle during which public water supply systems must monitor. Each compliance cycle consists of three three-year compliance periods. The first calendar year cycle begins January 1, 1993 and ends December 31, 2001; the second begins January 1, 2002 and ends December 31, 2010; and the third begins January 1, 2011 and ends December 31, 2019.

(xx) "Compliance periods" means the three-year calendar year period within a compliance period. Each compliance cycle has three three-year compliance periods. Within the first compliance cycle, the first compliance periods runs from January 1, 1993 to December 31, 1995; and the second from January 1, 1996 to December 31, 1998; and the third from January 1, 1999 to December 31, 2001.

(yy) "Initial compliance period" means the first full three-year compliance period which begins at least 18 months after promulgation, except for contaminants listed in 40 CFR 141.61(a) (19) to (21), 141.61(c) (19) to (33) and 141.62(b) (11) to (16) as in effect on July 1, 1993, initial compliance period means the first full three-year compliance period after promulgation for systems with 150 or more service connections, January 1993-December 1995, and the first full three-year compliance period after the effective date of the regulation for systems having fewer than 150 service connections, January 1996-December 1998.

(zz) "Repeat compliance period" means any subsequent compliance period after the initial compliance period. (Authorized by and implementing K.S.A. 65-171m; effective May 1, 1982; amended Sept. 21, 1992; amended June 21, 1993; amended Sept. 26, 1994; amended Jan. 9, 1995.)

**28-15-13. Standards for bacteriological, chemical, physical and radiological quality.** (a) Maximum contaminant microbiological levels (MCL).

(1) A public water supply system which collects 39 or fewer samples per monitoring period shall be considered to be in compliance with the MCL if total coliforms are not detected in more than one sample.

(2) A public water supply system which collects 40 or more samples per monitoring period shall be considered to be in compliance with the MCL if total coliforms are not detected in more than 5% of the samples.

(3) A public water supply system which collects any fecal coliform positive or E. coli positive repeat sample, or any total coliform positive repeat sample following a fecal coliform positive or E. coli positive routine sample shall be considered to be in violation of the MCL and may be considered to pose an acute health risk for the purposes of public notification.

(4) Each public water supply shall, for every monitoring period, determine whether it is in compliance with the applicable microbiological MCL.

(5) Variances and exemptions from the maximum contaminant level for coliform bacteria shall not be granted, unless the public water supply system demonstrates to the department that the violation of the maximum contaminant level is due to a persistent growth of total coliforms in the distribution system rather than:

- (A) fecal or pathogenic contamination;
- (B) a treatment lapse or deficiency; or
- (C) a problem in operation or maintenance of the distribution system.

(b) (1) Maximum contaminant levels for inorganic chemicals shall be:

Constituent	Level, in milligrams, per liter
Arsenic	0.05
Antimony	0.006
Asbestos	7MFL
Barium	2
Beryllium	0.004
Cadmium	0.005
Chromium	0.05
Cyanide (as free Cyanide)	0.2
Mercury	0.002
Nickel	0.1
Nitrate (as N)	10
Nitrite (as N)	1
Total Nitrate/Nitrite (as N)	10
Thallium	0.002
Selenium	0.05
Fluoride	4.0

(2) The nitrate MCL shall apply to all public water supply systems except that non-community public water supply systems may be allowed an MCL for nitrate of 20 mg/l if:

(A) the water is not available to persons under 6 months of age;

(B) there is continuous posting of the fact that nitrate levels exceed 10 mg/l and the potential health effects of exposure;

(C) local health authorities are notified annually that nitrate levels exceed 10 mg/l; and

(D) there are not adverse health effects.

(3) The MCL for asbestos shall be 7 million fibers per liter (MFL) with fiber length > 10 microns.

(4) The MCL for antimony, asbestos, barium, beryllium, cadmium, chromium, cyanide, mercury, nickel, selenium and thallium shall apply only to community and non-transient, non-community public water supply systems. The MCL for fluoride shall apply only to community water supply systems.

(c) Maximum contaminant levels for organic chemicals shall be:

	Level, in milligrams, per liter
(1) Pesticides and polychlorinated biphenyls:	
(A) Alachlor (C.A.S. 15972-60-8)	0.002
(B) Atrazine (C.A.S. 1912-24-9)	0.003
(C) Carbofuran (C.A.S. 1563-66-2)	0.04
(D) Chlordane (C.A.S. 57-74-9)	0.002
(E) Dibromochloropropane	0.0002
(F) Endrin (C.A.S. 72-20-8)	0.002
(G) Ethylene dibromide (C.A.S. 106-93-4)	0.00005
(H) Heptachlor (C.A.S. 76-44-8)	0.0004
(I) Heptachlor epoxide (C.A.S. 1024-57-3)	0.0002
(J) Lindane (C.A.S. 58-89-9)	0.0002
(K) Methoxychlor (C.A.S. 72-43-5)	0.04

(L) Polychlorinated biphenyls (C.A.S. 1336-36-3)	0.0005
(M) Pentachlorophenol (C.A.S. 87-86-5)	0.001
(N) Toxaphene (C.A.S. 8001-35-2)	0.003
(O) 2,4-D (C.A.S. 94-75-7)	0.07
(P) 2,4,5-TP Silvex (C.A.S. 93-72-1)	0.05
(Q) Benzo(a)pyrene (C.A.S. 50-32-8)	0.0002
(R) Dalapon (C.A.S. 75-99-0)	0.2
(S) Di(2-ethylhexyl) adipate (C.A.S. 103-23-1)	0.4
(T) Di(2-ethylhexyl) phthalate (C.A.S. 117-81-7)	0.006
(U) Dinoseb (C.A.S. 88-85-7)	0.007
(V) Diquat (C.A.S. 85-00-7)	0.02
(W) Endothall (C.A.S. 145-73-3)	0.1
(X) Glyphosate (C.A.S. 1071-53-6)	0.7
(Y) Hexachlorobenzene (C.A.S. 118-74-1)	0.001
(Z) Hexachlorocyclopentadiene (C.A.S. 77-47-4)	0.05
(AA) Oxamyl(Vydate) (C.A.S. 23135-22-0)	0.2
(BB) Picloram (C.A.S. 1918-02-1)	0.5
(CC) Simazine (C.A.S. 122-34-9)	0.004
(DD) 2,3,7,8-TCDD (Dioxin) (C.A.S. 1746-01-6)	3×10 <sup>8</sup>
(EE) Aldicarb (C.A.S. 116-06-3)	0.003
(FF) Aldicarb Sulfoxide (C.A.S. 1646-87-3)	0.003
(GG) Aldicarb Sulfone (C.A.S. 1646-87-4)	0.003
(2) Total trihalomethanes consisting of the sum of trichloromethane (chloroform), bromodichloromethane, dibromochloromethane and tribromomethane (bromofom).	0.10
(3) Volatile Organic Compounds:	
(A) Benzene	0.005
(B) Carbon Tetrachloride	0.005
(C) o-Dichlorobenzene	0.6
(D) p-Dichlorobenzene	0.075
(E) 1,2-Dichloroethane	0.005
(F) cis-1,2-Dichloroethylene	0.07
(G) trans-1,2-Dichloroethylene	0.1
(H) 1,1-Dichloroethylene	0.007
(I) 1,2-Dichloropropane	0.005
(J) Ethylbenzene	0.7
(K) Monochlorobenzene	0.1
(L) Styrene	0.1
(M) Tetrachloroethylene	0.005
(N) Trichloroethylene	0.005
(O) 1,1,1-Trichloroethane	0.2
(P) Toluene	1
(Q) Vinyl Chloride	0.002
(R) Xylenes	10
(S) Dichloromethane (C.A.S. 75-09-2)	0.005
(T) 1,2,4-Trichlorobenzene (C.A.S. 120-82-1)	0.07
(U) 1,1,2-Trichloroethane (C.A.S. 79-00-5)	0.005

(4) BAT for organic chemicals listed in K.A.R. 28-15-13(1)(A) through (1)(DD) and VOC's listed in K.A.R. 28-15-13(3)(A-U) shall be as listed in 40 CFR 141.61(b) as in effect on July 1, 1993.

(d) (1) Maximum contaminant levels for radiological contaminants shall be:

Constituent	Level, in pCi per liter
Combined radium-226 and radium-228	5
Gross alpha particle activity (including radium-226 but excluding radon and uranium)	15
Tritium	20,000
Strontium-90	8
Gross beta radioactivity	50

(2) The average annual concentration of beta particle and photon radioactivity from man-made radionuclides in drinking water shall not produce an annual dose equivalent to the total body or to any internal organ greater than four millirem per year.

(continued)

(e) Maximum contaminant levels for turbidity shall apply only to public water supply systems which use surface water or groundwater under the influence of surface water in whole or in part.

(1) Prior to the date set out in paragraph (2) of this subsection, the maximum contaminant levels for turbidity in drinking water, measured daily at representative entry points to the distribution system, shall be:

(A) one nephelometric turbidity unit (NTU), as determined by a monthly average, except that five or fewer turbidity units may be allowed if the supplier of water can demonstrate to the department that the higher turbidity does not:

(i) interfere with disinfection;

(ii) prevent maintenance of an effective disinfectant agent throughout the distribution system; or

(iii) interfere with microbiological determinations; and

(B) five turbidity units based on an average for two consecutive days. Daily turbidity readings shall be taken and recorded. If the maximum turbidity level exceeds one NTU for two consecutive days, the supplier of water shall notify the department within 48 hours after the turbidity readings are taken. Daily turbidity readings shall be reported to the department by the 10th day of the month following the month in which the readings were taken.

(2) K.A.R. 28-15-13(e)(1) and (2) shall be effective until filtration treatment equipment is installed for public water supply systems using ground water under the influence of surface water, after which date the requirements of K.A.R. 28-15-21 shall apply.

(f) (1) Inorganic analyses for the following constituents shall be required from each community water supply system with its own source of supply.

Calcium	Iron
Magnesium	Manganese
Sodium	pH
Potassium	Specific conductance
Total Phosphorus	Total dissolved solids
Chloride	Total alkalinity
Sulfate	Total hardness
Silica	

(2) An inorganic chemical analysis for the above constituents may be required by the department from a non-community water supply system with its own source of supply.

(3) The above analyses shall be required to determine the potability of the source of supply and to monitor the corrosivity characteristics of the water. The corrosive indices shall be calculated in accordance with 40 CFR 141.42, as in effect on July 1, 1992, which is adopted by reference.

(g) Each analysis to determine compliance shall be done in an approved laboratory according to methods established by "Standard Methods for the Examination of Water and Wastewater," 16th edition, 1985, or as specified in 40 CFR 141.21-141.25 and 141.30, as in effect on July 1, 1992, or the equivalents outlined in 40 CFR 141.27, as in effect on July 1, 1992. Each analysis shall be made on treated water as furnished to the consumer to insure potability or at specified locations as prescribed in K.A.R. 28-15-14. (Authorized by and implementing

K.S.A. 65-171m; effective May 1, 1982; amended Sept. 21, 1992; amended June 21, 1993; amended Sept. 26, 1994; amended Jan. 9, 1995.)

**28-15-14. Monitoring requirements for laboratory tests.** (a) Monitoring requirements for microbiological determination.

(1) The sampling period for microbiological compliance shall be one calendar month for all public water supply systems.

(2) Number of required samples.

(A) Each public water supply system which uses surface water as its source of supply and serves a population of 4,100 or less shall take a minimum of four water samples each sampling period.

(B) Each public water supply system which uses surface water as its source of supply and serves a population greater than 4,100 shall take water samples according to the schedule prescribed in subsection (a)(4).

(C) Each public water supply system which uses ground water as its source of supply and each public water supply system which purchases water from another public water supply system shall take water samples according to the schedule prescribed in subsection (a)(4).

(3) Each public water supply system shall sample for coliform bacteria to determine compliance with K.A.R. 28-15-13(a) as follows.

(A) Each public water supply system shall determine the presence or absence of total coliforms in a standard 100 ml sample. A determination of total coliform density is not required.

(B) Each public water supply system using the multiple-tube fermentation (MTF) technique shall comply with the provisions of 40 CFR 141.21(f)(3)(i), as in effect on July 1, 1990.

(C) Each public water supply system using the membrane filter (MF) technique shall comply with the provisions of 40 CFR 141.21(f)(3)(ii), as in effect on July 1, 1990.

(D) Each public water supply system using the presence-absence (P-A) coliform test shall comply with the provisions of 40 CFR 141.21(f)(3)(iii), as in effect on July 1, 1990.

(E) Each public water supply system using the minimal medium ONPG-MUG (MMO-MUG) test shall comply with the provisions of 40 CFR 141.21(f)(3)(iv), as in effect on July 1, 1990.

(F) In lieu of the 10-tube MTF technique specified in paragraph (3)(B) of K.A.R. 28-15-14(a), any public water supply system may use the MTF technique described in 40 CFR 141.21(f)(4), as in effect on July 1, 1990.

(G) Each fecal coliform test shall be performed according to the provisions of 40 CFR 141.21(f)(5), as in effect on July 1, 1990.

(H) Each E. coli test shall be performed according to the provisions of 40 CFR 141.21(f)(6), as in effect January 8, 1991.

(I) Each water sample shall be taken at a point which is representative of the conditions within the distribution system and in accordance with a written sample siting plan which is subject to review and revision by the department.

(4) Each public water supply system shall assure that routine samples are collected at regular time intervals and analyzed for total coliform bacteria as prescribed in the following table.

Population Served	Minimum number of samples per sampling period
25 to 2,500 .....	2
2,501 to 3,300 .....	3
3,301 to 4,100 .....	4
4,101 to 4,900 .....	5
4,901 to 5,800 .....	6
5,801 to 6,700 .....	7
6,701 to 7,600 .....	8
7,601 to 8,500 .....	9
8,501 to 12,900 .....	10
12,901 to 17,200 .....	15
17,201 to 21,500 .....	20
21,501 to 25,000 .....	25
25,001 to 33,000 .....	30
33,001 to 41,000 .....	40
41,001 to 50,000 .....	50
50,001 to 59,000 .....	60
59,001 to 70,000 .....	70
70,001 to 83,000 .....	80
83,001 to 96,000 .....	90
96,001 to 130,000 .....	100
130,001 to 220,000 .....	120
220,001 to 320,000 .....	150
320,001 to 450,000 .....	180

For each additional 150,000 in population, an additional 30 water samples shall be analyzed per sampling period.

(5) Additional water samples may be required by the department.

(A) These samples may be taken to determine the adequacy of disinfection following line installation, replacement, or repair.

(B) Water samples may also be required for the determination of the adequacy of the source, storage, treatment or distribution of water to the public.

(C) These additional water samples shall not be used to determine compliance with microbiological monitoring or the maximum contaminant level requirements.

(6) If the public water supply system exceeds the maximum contaminant level for coliform bacteria, the supplier of water shall give public notice of this fact, in accordance with K.A.R. 28-15-15a.

(7) Each total coliform positive sample shall be tested for either fecal coliform or *E. coli* bacteria.

(A) If the sample tests positive, the department shall be notified by the end of the business day.

(B) A public water supply system may request that the department classify any total coliform-positive sample as fecal coliform/*E. coli*-positive. If this request is approved, the provisions of K.A.R. 28-15-13(a)(3) shall apply.

(8) All locations which test positive for total coliform shall be resampled within 24 hours of notification that a positive sample was obtained or as directed by the department. Three repeat samples shall be collected on the same day for each total coliform positive sample and in the following manner.

(A) One additional sample shall be taken from the tap where the original positive sample was collected.

(B) One additional sample shall be taken from a tap within five service connections upstream from the positive sample.

(C) One additional sample shall be taken from a tap within five service connections downstream from the positive sample.

(D) Systems which have only one service connection shall collect one repeat sample daily for three days or take one 300ml sample and divide it into three 100ml portions.

(E) When a positive sample is collected at the last tap on a service line, the three repeat samples shall be taken at:

(i) the original positive location;

(ii) at the next upstream tap; and

(iii) a tap within five upstream taps of the positive sample location.

(F) Each public water supply system which collects less than five routine samples per sampling period shall collect a minimum of five routine samples during the sampling period following a monitoring period with a total coliform-positive coliform sample, unless the positive sample is invalidated by the state.

(G) If any repeat sample collected as specified in this subsection also tests positive for total coliform, another set of repeat samples shall be collected and analyzed for total coliform. Repeat samples shall be collected until:

(i) total coliform is not detected in one complete set of repeat samples;

(ii) the MCL has been exceeded; or

(iii) the department invalidates the original total coliform-positive sample site after two sets of repeat samples are taken where the original total coliform-positive sample site produces total coliform-positive repeat samples and all other repeat samples are total coliform negative.

(9) (A) All routine and repeat samples count in the determination of compliance with any MCL unless the sample is invalidated in writing by the department for any one of the following three reasons.

(i) The laboratory which performed the analysis acknowledges a procedural error which invalidates the results.

(ii) Based on the results of the repeat samples, it is shown that the coliform-positive sample resulted from a domestic or non-distribution system plumbing problem.

(iii) The positive sample is due to circumstances which do not reflect water quality in the distribution system.

(B) Samples shall be invalidated under this paragraph only upon written request from the public water supplier. The request shall state the specific cause of the total coliform-positive sample and what actions the system has taken, or will take, to correct the problem.

(C) Total coliform-positive samples shall not be invalidated solely on the basis that all repeat samples are total coliform-negative.

(D) If a sample is invalidated under this paragraph, repeat samples shall be collected as required by K.A.R. 28-15-14(a)(8).

(10) Unless total coliforms are detected, a laboratory shall invalidate a sample if the sample:

(A) produces a turbid culture in the absence of gas production using the MPN method;

(continued)

(B) produces a turbid culture in the absence of an acid reaction in the P-A coliform test; or

(C) exhibits confluent growth or produces colonies too numerous to count in the membrane filter test.

(11) All samples which are invalidated shall be replaced by collecting another sample from the same location as the original sample within 24 hours of notification of the invalidation, or as directed by the department.

(12) Each public water supply system which does not collect five routine samples per sampling period shall have an initial sanitary survey by June 29, 1994 for community water systems and June 29, 1999 for non-community water systems. After the initial survey, each system shall have another sanitary survey every five years, except for non-community water systems which shall be resurveyed every 10 years. All sanitary surveys shall be performed by the state.

(13) Each public water supply system which exceeds the MCL for coliform bacteria or fails to comply with these monitoring requirements shall notify the state by the end of the next business day after it learns of the violation and shall issue public notification according to K.A.R. 28-15-15a.

(b) Inorganic chemical monitoring and analytical requirements.

(1) Community water systems and non-transient, non-community water systems shall conduct monitoring to determine compliance with the MCLs specified in K.A.R. 28-15-13(b). Transient, non-community water systems shall conduct monitoring to determine compliance with the nitrate and nitrite MCLs in K.A.R. 28-15-13(b).

(2) As used in this regulation, "sampling point" means every entry point to the distribution system.

(3) Monitoring shall be conducted as follows.

(A) Groundwater systems shall take a minimum of one sample at every entry point to the distribution system and the sample shall be representative of the water after treatment.

(i) Sampling shall begin in the compliance period starting January 1, 1993.

(ii) The system shall take each sample at the same sampling point unless conditions make another sampling point more representative of the source water or of the treatment plant.

(B) Surface water systems shall take a minimum of one sample at every entry point to the distribution system after any application of treatment or in the distribution system at a point which is representative of each source after treatment.

(i) Sampling shall begin in the compliance period beginning January 1, 1993.

(ii) The system shall take each sample at the same sampling point unless conditions make another sampling point more representative of the source water or of the treatment plant.

(3) Surface water systems shall include systems with a combination of surface water and groundwater.

(C) If a system draws water from more than one source, and the sources are combined before distribution, the system shall sample at an entry point to the distribution system during periods of normal operating

conditions when the water is representative of all sources being used.

(D) The number of required samples which must be analyzed may be reduced by compositing. Composite samples from a maximum of five samples shall be allowed, provided that the detection limit of the method used for analysis is less than one-fifth of the MCL. Compositing shall be done in the laboratory.

(i) If the concentration in the composite sample is greater than or equal to one-fifth of the MCL of any inorganic chemical, a follow-up sample shall be taken within 14 days from each sampling point included in the composite. These samples shall be analyzed for the contaminants which exceeded one-fifth of the MCL in the composite sample. The detection limits in 40 CFR 141.23(a)(4)(i), as in effect on July 1, 1993, are adopted by reference.

(ii) If the population served by the system is greater than 3,300 persons, compositing shall only be allowed at sampling points within a single system. In systems serving less than or equal to 3,300 persons, compositing among different systems shall be allowed provided the five sample limit is maintained.

(iii) If duplicates of the original sample taken from each sampling point used in the composite are available, the system may use these instead of resampling. The duplicates shall be analyzed, and the results shall be reported within 14 days of collection.

(E) The frequency of monitoring for asbestos shall be as specified in K.A.R. 28-15-14(c); the frequency of monitoring for barium, cadmium, chromium, fluoride, mercury and selenium shall be as specified in K.A.R. 28-15-14(d); the frequency of monitoring for nitrate shall be as specified in K.A.R. 28-15-14(e); and the frequency of monitoring for nitrite shall be as specified in K.A.R. 28-15-14(f).

(c) The frequency of monitoring conducted to determine compliance with the MCL of asbestos as specified in K.A.R. 28-15-13(b) shall be conducted as follows.

(1) Each community water system and non-transient, non-community water system shall be required to monitor for asbestos during the first three-year compliance period of each nine-year compliance cycle beginning in the compliance period starting January 1, 1993.

(2) If the system believes it is not vulnerable to either asbestos contamination in its source water or to corrosion of asbestos-cement pipe, or both, it may apply for a waiver of the monitoring requirements of K.A.R. 28-15-14(c)(1). If a waiver is granted, the system shall not be required to monitor for asbestos.

(3) A waiver may be granted based on consideration of the following factors:

(A) potential asbestos contamination of the source water; and

(B) the use of asbestos-cement pipe for finished water distribution and the corrosive nature of the water.

(4) A waiver shall remain in effect until the completion of the three-year compliance period. Systems not receiving a waiver shall monitor in accordance with K.A.R. 28-15-14(c)(1).

(5) A system vulnerable to asbestos contamination due solely to corrosion of asbestos-cement pipe shall

take one sample at a tap served by asbestos-cement pipe and under conditions where asbestos contamination is most likely to occur.

(6) A system vulnerable to asbestos contamination due solely to source water shall monitor in accordance with K.A.R. 28-15-14(b)(2).

(7) A system vulnerable to asbestos contamination due both to its source water supply and corrosion of asbestos-cement pipe shall take one sample at a tap served by asbestos-cement pipe and under conditions where asbestos contamination is most likely to occur.

(8) A system which exceeds the MCL shall monitor quarterly beginning in the next quarter after the violation occurred.

(9) The quarterly monitoring requirement may be reduced to the frequency specified in K.A.R. 28-15-14(c)(1) if the department has determined that the system is reliably and consistently below the MCL. This determination shall not be made unless:

(A) a groundwater system takes a minimum of two quarterly samples; and

(B) a surface water or combined surface and groundwater system takes a minimum of four quarterly samples.

(10) If monitoring data collected after January 1, 1990 are generally consistent with the requirements of K.A.R. 28-15-14(c), then systems may use that data to satisfy the monitoring requirement for the initial compliance period beginning January 1, 1993.

(d) The frequency of monitoring conducted to determine compliance with the MCLs in K.A.R. 28-15-13(b) for antimony, barium, beryllium, cadmium, chromium, cyanide, fluoride, mercury, nickel, selenium and thallium shall be as follows:

(1) Groundwater systems shall take one sample at each sampling point once every three years. Surface water systems or combined surface water and groundwater systems shall take one sample annually at each sampling point.

(2) The system may apply for a waiver from the monitoring frequencies specified in K.A.R. 28-15-14(d)(1).

(3) A condition of the waiver shall be a requirement that a system takes a minimum of one sample while the waiver is effective. The term during which the waiver is effective shall not exceed one compliance cycle.

(4) The department may grant a waiver provided surface water systems have monitored annually for at least three years and groundwater systems have conducted a minimum of three rounds of monitoring. At least one sample shall have been taken since January 1, 1990. Both surface and groundwater systems shall demonstrate that all previous analytical results were less than the MCL. Systems that use a new water source shall not be eligible for a waiver until three rounds of monitoring from the new source have been completed.

(5) In determining the appropriate reduced monitoring frequency the department shall consider:

(A) reported concentrations from all previous monitoring;

(B) the degree of variation in reported concentrations; and

(C) other factors which may affect contaminant concentrations including:

(i) changes in the groundwater pumping rate;

(ii) changes in the system configuration;

(iii) changes in the system operating procedures; or

(iv) changes in stream flows or characteristics.

(6) A decision by the department to grant a waiver shall be made in writing and shall set forth the basis for the determination.

(A) The waiver request may be initiated by the department or upon application by the public water supply system.

(B) The public water supply system shall specify the basis for its request in the application for a waiver.

(C) Any determination of the appropriate monitoring frequency shall be reviewed and, where appropriate, revised by the department when the system submits new monitoring data or when other data relevant to the system's appropriate monitoring frequency becomes available.

(7) Systems which exceed the MCLs shall monitor quarterly, beginning in the next quarter after the violation occurs.

(8) If the department has determined that the system is reliably and consistently below the MCL, the quarterly monitoring requirement may be decreased to the frequencies specified in K.A.R. 28-15-14(d)(1) and K.A.R. 28-15-14(d)(2). This determination shall not be made unless a groundwater system takes a minimum of two quarterly samples and a surface water system takes a minimum of four quarterly samples.

(e) All public water supply systems shall monitor to determine compliance with the MCL for nitrate specified in K.A.R. 28-15-13(b).

(1) Community water systems and non-transient, non-community water systems served by groundwater shall monitor annually beginning January 1, 1993. Systems served by surface water shall monitor quarterly beginning January 1, 1993.

(2) For community water systems and non-transient, non-community water systems, the repeat monitoring frequency for systems using groundwater shall be quarterly for at least one year following any one sample in which the concentration is greater than or equal to 50 percent of the MCL. The department may allow a groundwater system to reduce the sampling frequency to annually after four consecutive quarterly samples are reliably and consistently less than the MCL.

(3) If all analytical results from four consecutive quarters are less than 50 percent of the MCL, a community water system or a non-transient, non-community water system may be allowed by the department to reduce the sampling to an annual frequency.

(4) Each transient, non-community water system shall monitor annually beginning January 1, 1993.

(5) After the initial round of quarterly sampling is completed, each community water system and non-transient, non-community water system which is monitoring annually shall take subsequent samples during the quarter or quarters which previously resulted in the highest analytical result.

(f) All public water systems shall monitor to determine compliance with the MCL for nitrite in K.A.R. 28-15-13(b).

(continued)

(1) All public water systems shall take one sample at each sampling point in the compliance period beginning January 1, 1993 and ending December 31, 1995.

(2) After the initial sample, systems where an analytical result for nitrite is less than 50 percent of the MCL shall monitor at a frequency specified by the department.

(3) For community water systems, non-transient, non-community water systems and transient, non-community public water systems, the repeat monitoring frequency shall be quarterly for at least one year following any one sample in which the concentration is greater than or equal to 50 percent of the MCL. A system may be allowed by the department to reduce the sampling to an annual frequency after determining the system is reliably and consistently less than the MCL.

(4) Systems which are monitoring annually shall take each subsequent sample during the quarter or quarters which previously resulted in the highest analytical result.

(g) Confirmation samples.

(1) Where the results of sampling for asbestos, barium, cadmium, chromium, fluoride, mercury, or selenium indicate an exceedance of the MCL, one additional sample shall be collected at the same sampling point as soon as possible after the initial sample was taken. The additional samples shall be taken within two weeks.

(2) Where nitrate or nitrite sampling results indicate an exceedance of the MCL, the system shall take a confirmation sample within 24 hours of the system's receipt of notification of the analytical results of the first sample.

(A) Systems unable to comply with the 24 hour sampling requirement shall immediately notify the consumers served by the public water system in accordance with K.A.R. 28-15-15a.

(B) Systems exercising this option to notify the consumers shall take and analyze a confirmation sample within two weeks of notification of the analytical results of the first sample.

(3) The results of the initial and confirmation samples shall be averaged. The resulting average shall be used to determine the system's compliance. Obvious sampling errors shall be deleted.

(h) The department may require more frequent monitoring than specified in K.A.R. 28-15-14(c)-(f) or may require confirmation samples for positive or negative results.

(i) Systems may apply to the department for permission to conduct more frequent monitoring than the minimum frequencies specified.

(j) Compliance with K.A.R. 28-15-13(b) for inorganic chemicals shall be determined by the analytical result or results obtained at each sampling point.

(1) For systems which monitor more often than on an annual basis, compliance with the MCLs for antimony, asbestos, barium, beryllium, cadmium, chromium, cyanide, fluoride, mercury, nickel, selenium and thallium shall be determined by a running annual average at each sampling point.

(A) If the average at any sampling point is greater than the MCL, the system shall be out of compliance.

(B) If any one sample would cause the annual average to be exceeded, the system shall be immediately out of compliance.

(C) Any sample below the method detection limit shall be calculated at zero for the purpose of determining the annual average.

(2) For systems which are monitoring annually, or less frequently, the system shall be out of compliance with the MCLs for asbestos, barium, cadmium, chromium, fluoride, mercury, and selenium if the level of a contaminant at any sampling point is greater than the MCL. Determination of compliance shall be based on the average of the initial and confirmation samples.

(3) If the levels of nitrate or nitrite or both are below the MCLs, compliance with the MCLs shall be determined based on one sample. If the levels of nitrate or nitrite or both exceed the MCLs in the initial sample, a confirmation sample shall be required, and compliance shall be determined based on the average of the initial and confirmation samples.

(4) If a public water system has a part of a distribution system separable from other parts of the distribution system and no interconnections exist, the system may give public notice to only the area serviced by that portion of the system which is out of compliance.

(5) Each public water system shall monitor at or before the time designated by the department during each compliance period.

(k) The analysis for inorganic chemicals shall be performed in accordance with 40 CFR 141.23(k)-(q), as in effect on July 1, 1993, which is adopted by reference.

(l) Monitoring requirements for volatile organic compounds other than trihalomethanes.

(1) Beginning with the first compliance period, analysis of the contaminants listed in K.A.R. 28-15-13(c)(3) for the purpose of determining compliance with the MCLs shall be conducted.

(2) Groundwater systems shall take a minimum of one sample at every entry point to the distribution system which is representative of each well after treatment. Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source, treatment plant, or within the distribution system.

(3) Surface water systems or combined surface water and groundwater systems shall take a minimum of one sample at either points in the distribution system that are representative of each source or at each entry point to the distribution system after treatment. Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source, treatment plant, or within the distribution system.

(4) If the system draws water from more than one source and the sources are combined before distribution, the system shall sample at the entry point to the distribution system during periods of normal operating conditions when water representative of all sources is being used.

(5) Each community water system and non-transient, non-community water system shall take four consecutive quarterly samples for each contaminant listed in K.A.R. 28-15-13(c)(3) during each compliance period, beginning in the initial compliance period.

(6) If the initial monitoring for the contaminants listed in K.A.R. 28-15-13(c)(3) has been completed by Decem-

ber 31, 1992 and the system did not detect any of the specified contaminants, then each groundwater and surface water system shall take one sample annually beginning with the initial compliance period.

(7) After a minimum of three years of annual sampling, groundwater systems with no previous detection of any contaminant listed in K.A.R. 28-15-13(c)(3) shall take one sample in each compliance period.

(8) If a contaminant listed in K.A.R. 28-15-13(c)(3) is detected at a level exceeding 0.0005 mg/l in any sample, the following procedures shall be followed.

(A) The system shall monitor quarterly at each sampling point which resulted in detection.

(B) The quarterly monitoring requirement may be decreased provided the system has been reliably and consistently below the MCL.

(i) Quarterly monitoring shall not be decreased unless a groundwater system takes a minimum of two quarterly samples, and a surface water system takes a minimum of four quarterly samples.

(ii) If the system has been reliably and consistently below the MCL, and the minimum number of quarterly samples have been taken, the system shall then monitor annually.

(iii) Systems which monitor annually shall monitor during the quarter or quarters which previously yielded the highest analytical result.

(C) Systems with three consecutive annual samples with no detects of compounds listed in K.A.R. 28-15-13(c)(3) may apply for a waiver as specified in K.A.R. 28-15-14(s).

(D) Vinyl chloride shall be monitored quarterly by groundwater systems which have detected one or more of the following compounds: trichloroethylene, tetrachloroethylene, 1,2-dichloroethane, 1,1,1-trichloroethane, cis-1,2-dichloroethylene, trans-1,2-dichloroethylene, or 1,1-dichloroethylene.

(i) A vinyl chloride sample shall be taken at each sampling point at which one or more of the listed compounds was detected.

(ii) If the results of the first analysis do not detect vinyl chloride the system shall monitor for vinyl chloride once each compliance period.

(9) Systems which exceed the contaminant levels specified in K.A.R. 28-15-13(c)(3) shall monitor quarterly. The system shall monitor annually after a minimum of four consecutive quarterly samples are reliably and consistently below the MCLs.

(10) Compliance with K.A.R. 28-15-13(c)(3) shall be determined based on the analytical results obtained at each sampling point.

(A) For systems which monitor more often than on an annual basis, compliance shall be determined by a running annual average of all samples taken at each sampling point.

(i) If the annual average of any sampling point is greater than the MCL, then the system shall be out of compliance.

(ii) If the initial sample or a subsequent sample would cause the annual average to be exceeded, then the system shall be immediately out of compliance.

(B) If monitoring is conducted annually or less frequently, the system shall be out of compliance if the level

of a contaminant at any sampling point is greater than the MCL. Compliance shall be determined by the average of the initial and confirmation samples.

(C) If a public water system has a part of a distribution system which is separable from other parts of the distribution system and no interconnections exist, the system may give public notice only to that area served by that portion of the system which is out of compliance.

(11) A confirmation sample shall be required for any positive results and shall be taken at the same sampling point as the initial sample.

(12) Compositing of samples shall be allowed.

(i) Composite samples from a maximum of five sampling points shall be allowed if the detection limit of the method used for analysis is less than one-fifth of the MCL.

(ii) Compositing of samples shall be done in the laboratory and analyzed within 14 days of sample collection.

(A) If the concentration in the composite sample is greater than or equal to 0.0005 mg/l for any contaminant listed in K.A.R. 28-15-13(c)(3), a follow-up sample shall be taken and analyzed within 14 days from each sampling point included in the composite.

(B) If duplicates of the original sample taken from each sampling point used in the composite are available, the system may use these instead of resampling. The duplicate shall be analyzed, and the results shall be reported within 14 days of collection.

(C) Compositing shall only be permitted at sampling points within a single system, unless the population served by the system is less than or equal to 3,300 persons. In systems serving less than or equal to 3,300 persons, compositing among different systems shall be allowed provided the five sample limit is maintained.

(D) Compositing samples prior to gas chromatograph analysis shall be performed in accordance with 40 CFR 141.24(f)(14)(iv), as in effect on July 1, 1991 which is adopted by reference. Compositing samples prior to GC/MS analysis shall be performed in accordance with 40 CFR 141.24(f)(14)(v), as in effect on July 1, 1991 which is adopted by reference.

(13) Analysis for organic chemicals listed in K.A.R. 28-15-13(c)(3) shall be performed in accordance with 40 CFR 141.24(f)(16), as in effect on July 1, 1993 which is adopted by reference.

(14) Laboratory certification for chemicals listed in K.A.R. 28-15-13(c)(3) shall be in accordance with 40 CFR 141.24(f)(17), as in effect on July 1, 1993 which is adopted by reference.

(15) Analytical data collected after January 1, 1988 may be accepted for the purpose of initial monitoring compliance and may be used for compliance with K.A.R. 28-15-14(f)(5). Systems which use grandfathered data and did not detect any of the contaminants listed in K.A.R. 28-15-13(c)(3) shall begin monitoring annually beginning with the initial compliance period.

(16) Each approved laboratory shall determine the method detection level in accordance with 40 CFR 141.24(f)(20), as in effect on July 1, 1993, which is adopted by reference.

(continued)

(17) Each public water system shall monitor at or before the time designated by the department during each compliance period.

(18) The monitoring frequency may be increased by the department to detect variations within the public water system.

(m) Monitoring requirements for pesticides and polychlorinated biphenyls listed in K.A.R. 28-15-13(c), except endrin, shall be as follows. Monitoring for endrin for community public water supply systems shall be performed in accordance with 40 CFR 141.24(a) to (d), as in effect on July 1, 1992, which is adopted by reference.

(1) Groundwater systems shall take a minimum of one sample at every entry point to the distribution system which is representative of each well after treatment. Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source or treatment plant.

(2) Surface water systems shall take a minimum of one sample at points in the distribution system that are representative of each source or at each entry point to the distribution system after treatment.

(i) Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source or treatment plant.

(ii) Surface water systems shall include systems with a combination of surface water and groundwater sources.

(3) If the system draws water from more than one source, and the sources are combined before distribution, the system shall sample at an entry point to the distribution system during periods of normal operating conditions, and when all sources are being used.

(4) Monitoring frequency.

(A) Each community water system and non-transient, non-community water system shall take four consecutive quarterly samples for each contaminant listed in K.A.R. 28-15-13(c)(1) during each compliance period beginning with the compliance period starting January 1, 1993.

(B) Systems serving more than 3,300 persons which do not detect a contaminant in the initial compliance period may reduce the sampling frequency to a minimum of two quarterly samples in one year during each repeat compliance period.

(C) Systems serving less than or equal to 3,300 persons which do not detect a contaminant in the initial compliance period may reduce the sampling frequency to a minimum of one sample during each repeat compliance period.

(5) Each community water system and non-community, non-transient water system may apply to the department for a waiver from the requirements of K.A.R. 28-15-14(m)(4). A system shall reapply for a waiver for each compliance period.

(6) A waiver from the requirements of K.A.R. 28-15-14(m)(4) may be granted after evaluating the system's knowledge of previous use of the contaminant, including transport, storage, or disposal within the watershed for surface water supplies or zone of influence for groundwater supplies of the system.

(i) If no previous use of the contaminant within the watershed or zone of influence is revealed, a waiver may be granted.

(ii) If previous use of the contaminant is unknown, or the contaminant has been used previously, then the following factors shall be used to determine whether a waiver is granted:

(A) previous analytical results;

(B) the proximity of the system to a potential point or non-point source of contamination;

(C) the environmental persistence and transport of the pesticide or polychlorinated biphenyls;

(D) protection from contamination due to such factors as depth of the well, the soil classification and the integrity of the well casing;

(E) elevated nitrate levels at the water supply source; and

(F) use of polychlorinated biphenyls in equipment used in the production, storage, or distribution of water.

(7) If an organic contaminant listed in K.A.R. 28-15-13(c)(1) is detected in any sample, the following procedures shall be followed.

(A) Each system shall monitor quarterly at each sampling point which resulted in a detection.

(B) Quarterly monitoring may be reduced to annual monitoring if it has been determined that the system is reliably and consistently below the MCLs specified in K.A.R. 28-15-13(c)(1).

(i) Systems which monitor annually shall monitor during the quarter that previously yielded the highest analytical result.

(ii) Monitoring shall not be reduced to annually unless a groundwater system takes a minimum of two quarterly samples and a surface water system takes a minimum of four quarterly samples.

(C) Systems which have three consecutive annual samples with no detection of any contaminant listed in K.A.R. 28-15-13(c)(1) may apply for a waiver from monitoring as specified in K.A.R. 28-15-14(g)(b).

(D) If monitoring results in detection of one or more of certain related compounds including aldicarb, aldicarb sulfone, aldicarb sulfoxide and heptachlor, heptachlor epoxide, then subsequent monitoring shall analyze for all related contaminants.

(8) Systems which violate the requirements of K.A.R. 28-15-13(c)(1) shall monitor quarterly. After the results from a minimum of four quarterly samples show that the system is in compliance, and the results are reliably and consistently below the MCLs, the system shall monitor at a frequency specified in K.A.R. 28-15-14(m)(7)(B).

(9) A confirmation sample shall be required for positive results.

(i) The confirmation sample result shall be averaged with the first sampling result and the average used to determine compliance with K.A.R. 28-15-13(c)(1).

(ii) Obvious sampling errors shall be deleted from the calculation.

(10) The total number of samples a system must analyze may be reduced by compositing.

(i) Composite samples from a maximum of five sampling points shall be allowed if the detection limit of the method used is less than one-fifth of the MCL.

(ii) Compositing of samples shall be done in the laboratory and analyzed within 14 days of sample collection.

(A) If the concentration in the composite sample detects one or more contaminants listed in K.A.R. 28-15-13(c)(1), then a follow-up sample shall be taken and analyzed within 14 days from each sampling point included in the composite.

(B) If duplicates of the original sample taken from each sampling point used in the composite are available, the system may use these duplicates instead of resampling. The duplicate shall be analyzed and the results reported to the department within 14 days of collection.

(C) If the population served by the system is greater than 3,300 persons, then compositing shall only be permitted at sampling points within a single system. In systems serving less than or equal to 3,300 persons, compositing among different systems shall be allowed if the five sample limit is maintained.

(11) Compliance with K.A.R. 28-15-13(c)(1) shall be determined based on the analytical results obtained at each sampling point.

(A) For systems which monitor more often than on an annual basis, compliance shall be determined by a running annual average of all samples taken at each sampling point.

(i) If the annual average of any sampling point is greater than the MCL, then the system shall be out of compliance.

(ii) If the initial sample or a subsequent sample would cause the annual average to be exceeded, then the system shall be immediately out of compliance.

(iii) Any samples below the detection limit shall be calculated as zero for the purposes of determining the annual average.

(B) If monitoring is conducted annually, or less frequently, the system shall be out of compliance if the level of a contaminant at any sampling point is greater than the MCL. Determination of compliance shall be based on the average of the initial and confirmation samples.

(C) If a public water system has part of a distribution system separable from other parts of the distribution system, and no interconnections exist, the system may give public notice only to that portion of the system which is out of compliance.

(12) The analysis for contaminants listed in K.A.R. 28-15-13(c)(1) shall be conducted in accordance with 40 CFR 141.24(h)(12), as in effect on July 1, 1993, which is adopted by reference. Analysis for endrin shall be conducted in accordance with 40 CFR 141.24(e), as in effect on July 1, 1993, which is adopted by reference.

(13) The analysis for PCB's shall be conducted in accordance with 40 CFR 141.24(h)(13), as in effect on July 1, 1993, which is adopted by reference.

(14) If monitoring data collected after January 1, 1990 are generally consistent with the requirements of K.A.R. 28-15-14(m), that data may be used to satisfy the monitoring requirement for the initial compliance period beginning January 1, 1993.

(15) Each public water system shall monitor during the portion of the year when pesticides are commonly in use within each compliance period.

(16) Detection shall be defined as greater than or equal to the concentrations for each contaminant listed in 40 CFR 141.24(h)(18), as in effect on July 1, 1993, which is adopted by reference.

(17) The analysis in K.A.R. 28-15-13(c) shall be performed by laboratories certified under 40 CFR 141.24(h)(19), as in effect on July 1, 1993, which is adopted by reference.

(18) Each public water system shall monitor at or before the time designated by the department during each compliance period.

(19) The monitoring frequency may be increased by the department to detect variations within the water supply system.

(n) Special monitoring for unregulated inorganic chemicals and pesticides.

(1) Monitoring of the contaminants listed in K.A.R. 28-15-14(n)(2) and (3) shall be conducted as follows.

(A) Each community water system and non-transient, non-community water system shall take four consecutive quarterly samples at each sampling point for each contaminant listed in K.A.R. 28-15-14(n)(2) and shall report the results to the department. Monitoring shall be completed by December 31, 1995.

(B) Each community water system and non-transient, non-community water system shall take one sample at each sampling point for each contaminant listed in K.A.R. 28-15-14(n)(3) and report the results to the department. Monitoring shall be completed by December 31, 1995.

(C) Each community water system and non-transient, non-community water system may apply to the department for a waiver from the requirements of K.A.R. 28-15-14(n)(1)(A) and (B).

(D) The department may grant a waiver for the requirement of K.A.R. 28-15-14(n)(1)(A) based on the criteria specified in K.A.R. 28-15-14(m)(6). The department may grant a waiver from K.A.R. 28-15-14(n)(1)(B) if previous analytical results indicate contamination would not occur and if the data was collected after January 1, 1990.

(E) Groundwater systems shall take a minimum of one sample at every entry point to the distribution system which is representative of each well after treatment. Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source or treatment plant.

(F) Surface water systems shall take a minimum of one sample at points in the distribution system that are representative of each source or at each entry point to the distribution system after treatment.

(i) Each sample shall be taken at the same sampling point unless conditions make another sampling point more representative of each source or treatment plant.

(ii) Surface water systems shall include systems with a combination of surface water and groundwater sources.

(G) If the system draws water from more than one source and the sources are combined before distribution, the system shall sample at an entry point to the distribution system during periods of normal operating conditions, when water representative of all sources is being used.

(H) A confirmation sample is required for positive results.

(continued)

(I) The total number of samples a system must analyze may be reduced by compositing.

(i) Composite samples from a maximum of five sampling points shall be allowed.

(ii) Compositing of samples shall be done in the laboratory and the composite sample shall be analyzed within 24 hours of collection.

(iii) If the population served by the system is greater than 3,300 persons, then compositing shall only be permitted at sampling points within a single system.

(iv) In systems serving less than or equal to 3,300 persons, compositing among different systems shall be permitted if the five sample limit is maintained.

(J) Instead of performing the monitoring required by K.A.R. 28-15-14(n), a community water system or non-transient, non-community water system serving fewer than 150 service connections may send a letter to the department stating that the system is available for sampling.

(i) The letter shall be sent by January 1, 1994.

(ii) The system shall not submit samples for analysis to the department until requested to do so.

(K) The unregulated organic contaminants listed in 40 CFR 141.40(n)(11), as in effect on July 1, 1992 shall be tested by the analytical method described in the regulation, which is adopted by reference.

(L) The unregulated inorganic contaminants listed in 40 CFR 141.40(n)(12), as in effect on July 1, 1992, shall be tested by the analytical method described in the regulation, which is adopted by reference.

(M) A community water system or a non-transient, non-community water system which is required to monitor the contaminants listed in K.A.R. 28-15-14(n)(1)(N) shall provide to the department the results of all analytical testing performed within 30 days of receipt and any public notice required under subsection (N).

(N) A community water system or a non-transient, non-community water system which is required to monitor the contaminants listed in K.A.R. 28-15-14(n) shall notify persons served by the system concerning the availability of the sampling results.

(i) A notice shall be included in the first set of water bills issued by the system after the receipt of the results or shall be provided by written notification within three months.

(ii) The notice shall identify a person to contact in order to obtain information regarding the monitoring results, and shall supply the telephone number where the person can be reached.

(iii) For surface supply systems, public notification shall be required only after the first quarter's monitoring. The public notification shall include a statement that additional monitoring shall be conducted for three more quarters, and that the results shall be available upon request.

(2) The following unregulated organic contaminants shall be subject to the provisions of paragraph (1) of this subsection:

- (A) Aldrin;
- (B) Butachlor;
- (C) Carbaryl (Sevin);
- (D) Dicamba;

(E) Dieldrin;

(F) 3-Hydroxycarbofuran;

(G) Methomyl;

(H) Metolachlor;

(I) Metribuzin; and

(J) Propachlor (Ramrod).

(3) The unregulated inorganic contaminant sulfate shall be subject to the provisions of paragraph (1) of this subsection.

(o) Special monitoring requirements for chemical quality of community water supply systems. Each public water supply system shall monitor the water in the distribution system annually to determine the concentration of the chemical constituents listed in K.A.R. 28-15-13(f).

(p) Monitoring requirements for trihalomethanes.

(1) Each community water supply system serving a population of 10,000 or more shall monitor the water quarterly to determine compliance with K.A.R. 28-15-13(c)(2).

(A) Upon written request of the supplier of water, the monitoring requirement may be reduced by the department to one yearly sample, when only groundwater is used and based upon the analytical results of the water samples submitted for analysis.

(B) Upon written request of the supplier of water the monitoring requirement may be reduced by the department from four water samples in each quarter to one water sample in each quarter, based on the analytical results of one year of monitoring in compliance with K.A.R. 28-15-13(c)(2), if two conditions are met.

(i) Local conditions demonstrate that the total trihalomethanes are consistently below the maximum contaminant level prescribed in K.A.R. 28-15-13(c)(2).

(ii) Local conditions reflect the maximum residence time of water in the system.

(q) Special monitoring for unregulated volatile organic compounds.

(1) All community water systems and non-transient, non-community water systems shall monitor for the contaminants listed in K.A.R. 28-15-14(q)(5).

(2) Surface water systems shall sample at points in the distribution system representative of each water source or at entry points to the distribution system after any application of treatment. The minimum number of samples shall be one year of quarterly samples per water source.

(3) Groundwater systems shall sample at a point of entry to the distribution system representative of each well after any application of treatment. The minimum number of samples shall be one sample per entry point to the distribution system.

(4) Confirmation samples shall be required for positive results.

(5) Community water systems and non-transient, non-community water systems shall monitor the following contaminants:

- (A) Bromobenzene;
- (B) Bromodichloromethane;
- (C) Bromoform;
- (D) Bromomethane;
- (E) Chlorodibromomethane;
- (F) Chloroethane;

- (G) Chloromethane;
- (H) Chloroform;
- (I) Chlorobenzene;
- (J) o-Chlorotoluene;
- (K) p-Chlorotoluene;
- (L) m-Dichlorobenzene;
- (M) 1,1-Dichloroethane;
- (N) 1,3-Dichloropropane;
- (O) 2,2-Dichloropropane;
- (P) 1,1-Dichloropropene;
- (Q) 1,1,1,2-Tetrachloroethane;
- (R) 1,1,2,2-Tetrachloroethane;
- (S) 1,2,3-Trichloropropane; and
- (U) 1,3-Dichloropropene.

(6) Community water systems and non-transient, non-community water systems shall monitor for EDB and DBCP only if the system is vulnerable to contamination from the substances listed in (q)(5) of this regulation. A "vulnerable system" means a system which is potentially contaminated by EDB or DBCP, including:

(A) surface water systems where these compounds are applied, manufactured, stored, disposed of, or shipped upstream;

(B) groundwater systems in areas where the compounds are applied, manufactured, stored, disposed of, or shipped in the groundwater recharge basin; or;

(C) groundwater systems that are in proximity to underground storage tanks that contain leaded gasoline.

(7) The analysis for unregulated organic chemicals shall be in accordance with 40 CFR 141.40(g), as in effect on July 1, 1993 and is adopted by reference.

(8) Laboratories testing unregulated organic chemicals shall be certified in accordance with 40 CFR 141.40(h), as in effect on July 1, 1993 which is adopted by reference.

(9) Public water systems may use monitoring data collected any time after January 1, 1983 to meet the requirements for unregulated monitoring of volatile organic compounds, if the monitoring program was consistent with the requirements of K.A.R. 28-15-14(k). In addition, the results of EPA's groundwater supply survey may be used in a similar manner for systems supplied by a single well.

(10) Instead of performing the monitor required by K.A.R. 28-15-14(n), a community water system or non-transient, non-community water system serving fewer than 150 service connections may send a letter to the department stating that the system is available for sampling.

(11) All community water systems and non-transient, non-community water systems shall repeat the monitoring required in K.A.R. 28-15-14(k) no less frequently than every five years from the dates listed in 40 CFR 141.40(a), as in effect on July 1, 1991, which is adopted by reference.

(12) The department may composite up to five samples when monitoring for substances in K.A.R. 28-15-14(g)(5).

(r) Special monitoring for acrylamide and epichlorohydrin.

(1) Annual written certification from each public water system shall be submitted to the department con-

firming that the combination of dose and manomer level does not exceed the levels specified as follows:

(A) Acrylamide = 0.05% dosed at 1 ppm or equivalent; and

(B) Epichlorohydrin = 0.01% dosed at 20 ppm or equivalent.

(2) These certifications can rely on manufacturers or third party information.

(s) Waivers for monitoring for chemicals listed in K.A.R. 28-15-13(b) and K.A.R. 28-15-13(c). Waivers may be issued to reduce monitoring and testing when applied for in accordance with 40 CFR 141.24(f)(7) through (10), as in effect on July 1, 1993, which is adopted by reference.

(t) Monitoring requirements for radiological quality of community water supply systems. Radiological analysis shall include all parameters necessary to determine compliance with the standards prescribed in K.A.R. 28-15-13(d).

(1) Water served to the consumer from community water supply systems shall be analyzed every four years; either by analyzing four consecutive quarterly samples, or a composite of four consecutive quarterly samples, if the results exceed 50 percent of the maximum contaminant level for radiological content. If the results are less than 50 percent of the maximum contaminant level, a single sample shall be analyzed every four years. Analysis for man-made beta and photon emitters shall be required for community water supply systems using surface water sources and serving more than 100,000 persons and for other water supply systems as required by the department. The scope of the radiological analysis to be performed shall be as set forth in 40 CFR 141.25-141.26, as in effect on October 1, 1981, which is adopted by reference.

(2) Community water supply systems that purchase water from public water supply systems which have a permit shall be considered extensions of the original system and shall not be required to perform radiological analysis to determine compliance with the maximum contaminant levels prescribed in K.A.R. 28-15-13(d), unless specifically required to do so by the department.

(t) Monitoring requirements for turbidity. All public water supply systems using surface water in whole or in part shall monitor the water for turbidity at representative entry points to the distribution system. In performing this monitoring, the nephelometric method found in "Standard Methods for the Examination of Water and Wastewater," 16th Edition, 1985, shall be applied. If the maximum contaminant level prescribed in K.A.R. 28-15-13(e)(1) is exceeded, a check sample shall be collected and analyzed within one hour. (Authorized by and implementing K.S.A. 65-171m; effective May 1, 1982; amended Sept. 21, 1992; amended Jan. 9, 1995.)

**28-15-15a. Public notice requirements.** (a) If a public water supply system violates a maximum contaminant level or prescribed treatment technique, or fails to comply with a schedule contained in a variance or exemption, the supplier of water shall give notice to its customers as follows.

(1) Notice shall be given:

(continued)

(A) by publication in a daily newspaper serving the area, or a weekly newspaper if the area is not served by a daily newspaper, within 14 days after learning of the violation or failure;

(B) by mail delivery with a water bill, by direct mail or by hand delivery within:

(i) 45 days after learning of the violation or failure if the violation or failure has not been corrected within 45 days; or

(ii) 45 days after learning of the violation or failure if directed to do so by the department; and

(C) by furnishing a copy of the public notice to radio and television stations serving the area of the public water supply system within 72 hours after learning of a violation of a maximum contaminant level which may pose an acute risk to public health. The following violations shall be considered acute violations:

(i) any violation specified by the department as posing an acute risk to human health;

(ii) violation of the maximum contaminant level for nitrate or nitrite or combined nitrate and nitrite;

(iii) violation of the maximum contaminant level for total coliforms, when fecal coliforms or *E. coli* are identified as specified in K.A.R. 28-15-13(a)(3); or

(iv) occurrence of a waterborne-disease outbreak attributed to the public water supply.

(2) Notification shall be repeated every three months by the methods specified in paragraph (1)(B) above, for as long as the violation or failure continues.

(3) In lieu of the requirements specified in paragraphs (1) or (2) above, the owner or operator of a non-community public water supply system may give notice either by hand delivery or by continuous posting in conspicuous places throughout the area served by the system. Notice shall be made within 72 hours after learning of an acute violation listed in paragraph (1)(c) above, or within 14 days after learning of any other violation or failure. Posting shall continue for as long as the violation or failure continues and hand delivery shall be repeated every three months as long as the violation or failure continues.

(b) If a public water supply system fails to monitor its water supply as required in K.A.R. 28-15-14, 28-15-21 or 28-15-22, or fails to have the analysis performed in an approved laboratory, or is granted a variance or exemption, the supplier of water shall give notice to its customers as follows.

(1) Notices shall be given:

(A) by publication in a daily newspaper serving the area, or a weekly newspaper if the area is not served by a daily newspaper, within three months after receiving the variance or exemption or learning of the violation; and

(B) by mail delivery, either with a water bill or by direct mail, or by hand delivery, every three months as long as the violation continues or the variance or exemption remains in effect.

(2) In lieu of the requirements specified in paragraphs (1)(A) and (B) above, the owner or operator of a non-community public water supply system may give notice either by hand delivery or by continuous posting in conspicuous places throughout the area served by the sys-

tem within three months of the violation or receiving a variance or exemption. Posting shall continue for as long as the violation continues or a variance or exemption remains in effect, and hand delivery shall be repeated every three months as long as the violation continues or a variance or exemption remains in effect.

(c) Proof that public notice has been completed shall be provided to the department.

(d) The owner or operator of a community public water supply system shall provide a copy of the most recent public notice for any continuing violation of a maximum contaminant level or treatment technique, or any variance or exemption schedule, to each new customer at the time service begins.

(e) (1) Each notice required by this regulation shall provide a clear and readily understandable explanation of the violation, any potential adverse health effects, the population at risk, the steps that the public water system is taking to correct such violation, the necessity for seeking alternative water supplies, if any, and any preventive measures the consumer should take until the violation is corrected.

(2) Each notice shall be conspicuous and shall not contain unduly technical language, unduly small print, or similar problems that frustrate the purpose of notice.

(3) Each notice shall include the telephone number of the owner, operator, or designee of the public water system as a source of additional information concerning the notice.

(4) Where appropriate, the notice shall be multilingual.

(f) The owner or operator of a public water supply system shall include mandatory health-effects language for the appropriate contaminant, specified in 40 CFR 141.32(e), as in effect July 1, 1993, and in Part 141, national primary drinking water regulations, federal register, volume 57, number 138, as published on Friday, July 17, 1992, section 141.32(e) (53) through (75), in any public notice issued for violation of a maximum contaminant level or treatment technique, or related to a variance or exemption. If the public notice is for fluoride, the mandatory health-effects language specified in 40 CFR 143.5(b), as in effect July 1, 1993, shall be used. (Authorized by and implementing K.S.A. 65-171m; effective Sept. 21, 1992; amended Sept. 26, 1994; amended Jan. 9, 1995.)

#### **28-15-16. Permit requirements for public water supply systems.**

(a) All public water supply systems shall be required to have a permit issued by the secretary.

(1) An application for a public water supply permit shall be submitted for review and approval before the use of a source of water supply or the construction of:

(A) new wells;

(B) pumping stations;

(C) finished water storage facilities; or

(D) water treatment plants.

(2) An application requesting approval for construction purposes shall be valid for a period of two years, and if construction has not commenced by that time, a new application will be required.

(3) The following information shall be submitted as part of the application:

(A) a copy of the plans and specifications for the public water supply system or extension of it;

(B) a description of the source from which the water is to be derived;

(C) the proposed manner of storage, purification or treatment of the raw water source;

(D) sufficient data on the raw water to insure that the proposed treatment facilities will produce potable water to meet the requirements of K.A.R. 28-15-13; and

(E) for every new source of water supply, either surface or ground, that is added to a public water supply system, the results from an analysis performed by a state certified laboratory regarding the chemical and radiological constituents of K.A.R. 28-15-13. (Authorized by and implementing K.S.A. 65-171m; effective May 1, 1982, amended Jan. 9, 1995.)

Robert C. Harder  
Secretary of Health  
and Environment

Doc. No. 015625

## INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. This cumulative index supplements the index found in the 1993 Supplement to the *Kansas Administrative Regulations*.

### AGENCY 1: DEPARTMENT OF ADMINISTRATION

Reg. No.	Action	Register
1-2-30	Amended	V. 12, p. 902
1-2-46	Amended	V. 12, p. 1705
1-5-15	Amended	V. 13, p. 1500
1-5-24	Amended	V. 13, p. 1679
1-5-28	Amended	V. 12, p. 902
1-5-29	Amended	V. 13, p. 1461, 1501
1-6-21	Amended	V. 13, p. 1461, 1501
1-6-22a	Amended	V. 13, p. 1501
1-6-23	Amended	V. 12, p. 1706
1-7-4	Amended	V. 12, p. 1707
1-8-2	Amended	V. 13, p. 1461, 1502
1-8-5	Amended	V. 13, p. 1461, 1502
1-8-6	Amended	V. 13, p. 1462, 1502
1-9-5	Amended	V. 12, p. 902
1-9-6	Amended	V. 12, p. 1708
1-9-13	Amended	V. 12, p. 1709
1-9-21	Amended	V. 12, p. 903
1-9-22	Amended	V. 13, p. 1502
1-9-23	Amended	V. 13, p. 1462, 1503

4-17-5a	Amended	V. 13, p. 1612
4-17-300	Amended	V. 13, p. 1612
4-17-301	Amended	V. 13, p. 1613
4-17-304	Amended	V. 13, p. 1613
4-17-305	Amended	V. 13, p. 1613

### AGENCY 5: BOARD OF AGRICULTURE DIVISION OF WATER RESOURCES

Reg. No.	Action	Register
5-1-1	Amended	V. 13, p. 491
5-1-2	New	V. 13, p. 493

5-3-4a	Amended	V. 13, p. 493
5-3-5e	New	V. 13, p. 493
5-3-9	New	V. 13, p. 1543
5-3-10	New	V. 13, p. 1543
5-3-11	New	V. 13, p. 1544
5-3-14 through 5-3-18	New	V. 13, p. 1545-1547
5-4-4	New	V. 13, p. 493
5-5-8 through 5-5-12	New	V. 13, p. 1547-1551
5-7-1	Amended	V. 13, p. 494
5-7-3	Revoked	V. 13, p. 494
5-7-4	New	V. 13, p. 495
5-10-6	New	V. 13, p. 1551
5-11-1	New	V. 13, p. 495
5-11-2	New	V. 13, p. 496
5-21-1	Amended	V. 13, p. 443
5-21-3	Amended	V. 13, p. 444
5-21-4	New	V. 13, p. 444
5-22-1	Amended	V. 13, p. 91
95-22-2	Amended	V. 13, p. 92
5-22-7	Amended	V. 13, p. 92
5-22-8	Amended	V. 13, p. 93

### AGENCY 7: SECRETARY OF STATE

Reg. No.	Action	Register
7-19-1 through 7-19-6	New	V. 13, p. 1044, 1045, 1355, 1356
7-23-2	Amended	V. 13, p. 5
7-23-12	New	V. 13, p. 5
7-23-13	New	V. 13, p. 276
7-27-1	Amended	V. 12, p. 1336
7-29-1	Revoked	V. 12, p. 1336
7-29-2	Amended	V. 12, p. 1336
7-36-1 through 7-36-6	New	V. 13, p. 5
7-37-1	New	V. 13, p. 765
7-37-2	New	V. 13, p. 765

### AGENCY 17: STATE BANKING DEPARTMENT

Reg. No.	Action	Register
17-11-21	Amended	V. 13, p. 1132
17-15-1	Amended	V. 12, p. 311
17-16-8	Amended	V. 12, p. 314
17-21-1	Amended	V. 12, p. 314
17-21-2	Amended	V. 12, p. 314
17-22-1	Amended	V. 13, p. 1399
17-23-1 through 17-23-16	New	V. 13, p. 49-57
17-23-13	Amended	V. 13, p. 1543

### AGENCY 19: KANSAS COMMISSION ON GOVERNMENTAL STANDARDS AND CONDUCT

Reg. No.	Action	Register
19-29-1a	New	V. 12, p. 1336

(continued)

**AGENCY 20: CRIME VICTIMS  
COMPENSATION BOARD**

Reg. No.	Action	Register
20-1-1	Amended	V. 12, p. 1487
20-2-3	New	V. 12, p. 1487
20-2-6	New	V. 12, p. 1488
20-2-7	New	V. 12, p. 1488
20-2-8	New	V. 12, p. 1488
20-2-9	New	V. 12, p. 1488

**AGENCY 21: HUMAN RIGHTS COMMISSION**

Reg. No.	Action	Register
21-70-1 through 21-70-54	New	V. 13, p. 1651-1660

**AGENCY 22: STATE FIRE MARSHAL**

Reg. No.	Action	Register
22-1-2	Amended	V. 12, p. 444
22-1-3	New	V. 12, p. 444
22-1-4	New	V. 12, p. 444
22-1-5	New	V. 12, p. 445
22-1-6	New	V. 12, p. 445
22-2-1	Revoked	V. 12, p. 445
22-3-1	Revoked	V. 12, p. 445
22-3-2	Revoked	V. 12, p. 445
22-4-1	Revoked	V. 12, p. 445
22-5-3	Amended	V. 12, p. 445
22-6-10	Revoked	V. 12, p. 445
22-6-17	Revoked	V. 12, p. 445
22-6-18	New	V. 12, p. 976
22-7-1	Revoked	V. 12, p. 445
22-7-2	Revoked	V. 12, p. 445
22-7-3	Revoked	V. 12, p. 445
22-7-5	Revoked	V. 12, p. 445
22-7-6 through 22-7-12	New	V. 12, p. 445-447
22-8-1	Revoked	V. 12, p. 448
22-10-3a	Revoked	V. 12, p. 448
22-10-10	Revoked	V. 12, p. 448
22-10-12	Revoked	V. 12, p. 448
22-10-13	Revoked	V. 12, p. 448
22-10-14	Revoked	V. 12, p. 448
22-10-17	Revoked	V. 12, p. 448
22-10-18	New	V. 12, p. 448
22-10-19	New	V. 12, p. 448
22-13-35	Revoked	V. 12, p. 449
22-18-3	Amended	V. 12, p. 449
22-19-1	Amended	V. 12, p. 450
22-19-2	Amended	V. 12, p. 450
22-19-3	Amended	V. 12, p. 451
22-19-4	Revoked	V. 12, p. 451
22-19-5	New	V. 12, p. 451
22-20-1	Revoked	V. 12, p. 451
22-22-1	New	V. 12, p. 451

**AGENCY 23: DEPARTMENT OF  
WILDLIFE AND PARKS**

Reg. No.	Action	Register
23-4-1	Revoked	V. 12, p. 1702
23-6-8	Revoked	V. 12, p. 1702
23-16-1	Revoked	V. 12, p. 1702
23-19-1	Revoked	V. 12, p. 1702

**AGENCY 25: STATE GRAIN  
INSPECTION DEPARTMENT**

Reg. No.	Action	Register
25-1-8	Revoked	V. 12, p. 1460, 1571
25-1-15	Amended	V. 12, p. 1460, 1571

**NOW AVAILABLE . . .**

# **CUSTOM-MADE LOOSELEAF BINDERS for the KANSAS REGISTER**

We are pleased to announce that custom-made *Kansas Register* binders are now available!

These binders will hold your copies of the *Kansas Register* attractively for permanent use. They are highest quality, durable, casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) They feature dark blue cloth covering and gold imprinting. Each three-inch binder will hold up to a year's worth of *Register* issues.

**Order your binders today!**

***Kansas Register* binders . . . \$18.00 each includes shipping and handling.**
